## Overview

G'day Australia is a 4-day Australia-based trade event that combines a training workshop, networking events and familiarisation visits exclusively for qualified Aussie Specialist agents from across the globe. Qualified Aussie Specialists actively sell Australia as a preferred destination to travellers and may be frontline retail agents or from wholesale and online travel agents.

The event provides a professional forum for Australian sellers to train Aussie Specialists and strengthen their specific product knowledge. In addition, through familiarisation visits, agents will have first-hand experience with quality Australian tourism products, enhancing their ability to promote and sell Australia.

The event gave Southern Great Barrier Reef (SGBR) and its 3 operators the opportunity to educate in-market front line agents on what makes SGBR unique and the appeal it will have to their clients who are seeking safety and security, and nature and wildlife from their holiday destination.

## Key Outcomes & Highlights

Across our two (2) shared SGBR booths we were able to highlight SGBR as the destination in Queensland for marine life encounters and reef that is within reach of the beach and Brisbane. With many agents experiencing TNQ reef pre-event, SGBR was able to highlight the differences, providing a contrast.

Connections and relationship building with Southeast Queensland RTO's and attending operators.

The event gave insight into which ITOs and wholesalers are providing support to the agents in-market and to what the perception of travel to Australia is on the ground.

## Key Take Outs

- Over half of the agents attending the event were new to the travel industry or to selling Australia.
- The SGBR destination is seen as an ideal destination for 2<sup>nd</sup> or 3<sup>rd</sup> time visitors to Australia. Our main competition for these visitors is Ningaloo Reef, Tasmania, and South Australia.
- European & UK markets are key markets with a strong affiliation with SGBR. Our regions smaller tour group sizes, marine life, and connection to authentic local culture is what sets us apart in these markets.
- USA markets are avid divers and snorkelers who look for high end more private and bespoke experiences.
- SGBR as a reef destination for the New Zealand market has high competition from the south sea islands, that are more accessible and affordable.
- The reef access from Brisbane is an opportunity for the Eastern markets with direct flights to Brisbane from Guangzhou International Airport. Development of multilingual guides will help the destination's position in this market.

## Objectives

- To support the growth of the SGBR destination offering in international markets.
- To increase awareness of the SGBR destination offering in key markets.
- Educate the new members of the travel industry on the SGBR offering.
- Strengthen relationships with Southeast Queensland RTOs and operators.
- Strengthen, and develop new relationships with key in-market travel agents.

## Destination Attendance

1. Southern Great Barrier Reef
  - a. Loni Hammond, Trade and Industry Development Executive
2. Heron & Wilson Island
  - a. Karen Sweeney, Sales Manager
3. Lady Elliot Island Eco Resort

## Destination information to include in follow up

When selling your product to buyers lead with the destination first. No matter how amazing your experience is, they want to know as much about the destination experience, accessibility, and facilities for their clients before they commit to selling a product.

You can access the destination trade resources and collateral from our dedicated [Tourism Trade Resources](#) website to share with your trade partners.

A suggested introduction to the destination:

The Southern Great Barrier Reef offers visitors the chance to see large hard coral reefs and join abundant colourful fish and big marine life like turtles and manta rays for a snorkel. At just over 4 hours' drive from Brisbane, this unique region can easily be included as part of a larger itinerary or loop itineraries from Brisbane or Sydney.

*Here are the 3 key reasons why your clients would choose the Southern Great Barrier Reef as their next holiday destination:*

- **ACCESSIBILITY** You can reach the reef on a short-day trip, or alternatively you can stay on an island of the Southern Great Barrier Reef, where the reef can be accessed straight from the beach on Lady Elliot, Heron, Wilson, Great Keppel, and Pumplin Islands.
- **GIANT MARINE LIFE** The Southern Great Barrier Reef has an abundance of plankton which support GIANT marine life, like turtles and manta rays.
- **INTIMATE EXPERIENCES** Tours and attractions in the Southern Great Barrier Reef are quality, generally small-scale businesses, which means visitors will enjoy intimate group experiences, receiving a very personal experience rather than being surrounded by mass amounts of other travellers.
