SEVEN EPIC DRIVES

Binns Track

ALICE SPRINGS, TENNANT CREEK AND KATHERINE REGIONS
 A quintessential off-the-beaten-track adventure, stretching 2,230km from the arid outback of the SA/NT border, to the tropical rivers of the Katherine region. Named after Bill Binns, a ranger with NT Parks and Wildlife, whose dream it was to create an epic journey showcasing the diversity of wildlife, plants and natural wonders of his beloved NT.

Explorers Way

ADELAIDE TO DARWIN
 One of the great Australian road trips passing some of Australia's favourite natural icons, including Uluru and Kata Tjuta, Watarrka/ Kings Canyon, the Tjoritja/ MacDonnell Ranges, Karlu Karlu/Devils Marbles, Nitmiluk National Park and the waterfalls of Litchfield National Park. Recommended to be done over a minimum 14 days on a sealed highway following the route of the 1862 explorer John McDouall Stuart.

Natures Way

DARWIN - KAKADU - KATHERINE (VIA LITCHFIELD)
 The best of the Top End. In five to ten days you can have an amazing adventure that links Darwin, Australia's vibrant tropical capital city, with the ancient cultural and natural wonders of Kakadu, Nitmiluk and Litchfield National Parks. This easy drive is completely on sealed roads. There are also some great four-wheel drive side-trips that take you to special spots in the lush northern tropics.

Outback Way

LAVERTON - ALICE SPRINGS - WINTON
 Dubbed "Australia's Longest Shortcut," the Outback Way from Laverton Western Australia, through the Northern Territory's Red Centre to Winton in Queensland, is a 2800km odyssey across the heart of the continent. Almost half of the track is dirt roads, so you will need a four-wheel-drive, but if you want to take the road less travelled, that's all part of the adventure.

Overlanders Way

TOWNSVILLE - TENNANT CREEK
 The Overlander's Way is an experience you'll never forget. This self-drive track serves as an important line during World War II and stretches across 1550 kilometres taking you from the ocean to the Outback. You can travel from the Great Barrier Reef to Australia's Outback in a matter of days, so make sure you pack your flippers and hiking boots.

Red Centre Way

ALICE SPRINGS TO ULURU RETURN
 One of Australia's great drive journeys, it features some of the country's most famous landmarks, beautiful hidden gems, sweeping desert landscapes and the oldest living culture in the world. Highlights include Tjoritja / West MacDonnell National Park, Kings Canyon Rim Walk in Watarrka National Park; and of course the iconic Uluru-Kata Tjuta National Park.

Tanami Track

HALLS CREEK TO ALICE SPRINGS
 Crossing the expanse of the Tanami Desert, the Tanami Track is actually a fairly well-formed earth/gravel road and the shortest route from Halls Creek WA to Alice Springs. It takes two days to cross the vast expanse of the Tanami Desert, allowing time for you to take in a few awe-inspiring surprises along the way, including the second largest meteorite crater in the world.
