DRIVING NOTICES

- Drive on the left in Australia
- We strongly advise against driving at night
- Give plenty of room to road trains, in the NT they can be over 50 metres long
- Respect private property. Once you leave the road you are on private property, please don't trespass, light fires, leave rubbish or cut fences.
- Caravans should travel at least 200m apart, so other vehicles including Road Trains, can safely pass.

CAMPING INFORMATION

There are numerous camping opportunities within the red centre. Venture through the national parks and reserves to find beautiful designated campsites or visit a caravan and tourist park for included amenities. If you plan to stay at a particular caravan park or campground, be sure to book well ahead of time or arrive early, especially during peak periods like school holidays and long weekends. In order to protect our environment, maintain these spots and avoid damage to pastoral land, private property, sacred sites and other places of production, cultural or natural significance, we urge people to please camp ONLY in the dedicated tourist/camping parks and/or structured campsites.

WATCH OUT FOR...
