About Us

Frankston South Community and Recreation Centre (FSCRC) is a vibrant and responsive Frankston City Council run facility that aims to support and improve our community by providing a safe and inclusive place promoting social connection, skill development and health and wellbeing.

FSCRC works with the local community to develop and flexibly deliver inclusive activities and programs that build upon, and strengthen, people's interests, skills and talents.

In order to best achieve this, FSCRC applies a community development approach and works in partnership with a range of appropriate hirers and service providers.

The Centre also provides a range of hireable spaces, access to Council's Library Service, a cafe to connect and is a source of information about what's going on in the local area.

We encourage people to find out more about what's on offer at FSCRC by dropping in to talk to our friendly staff and volunteers and by keeping informed by following us on social media or register on our mailing list.
