Day 1

Destination - Renmark

Leave the bustle of city life behind and as you prepare to hit the road and wander your way three hours north along the Sturt Highway to the Riverland - destination Renmark! Take a deep breath as you experience the ever changing landscapes along the way and let your mind wander to the river, the Murray River - can you hear it calling you?

Make the Renmark Visitor Centre your first point of call and chat with a passionate local who will share their experiences, the stories only a local knows and the secrets to make the most of your time in Renmark. Pick up some local produce from their extensive range or a gift or two for those back home. Wander your way along the picturesque riverfront to the vibrant town centre, lined with an array of locally owned and operated niche stores with the chance to discover murals, historical facts and enjoy uninterrupted river views along the way.

The kids will be in their element as you arrive and start exploring the multi award winning Big4 Renmark Riverfront Holiday Park! You'll be spoilt for choice between the water park, resort pool, giant jumping pillow, pump track, pedal carts, extensive playgrounds and games room or for a slightly quieter experience, try out the thoughtfully designed sensory room. With over a kilometre stretch of prime river frontage, there's plenty of opportunity to hit the water on kayaks, water bees (paddle boats) or launch the boat for a quick ski or board!

Day 1

Destination - Renmark

Before stepping aboard your family houseboat journey, take the chance to stock up on our delicious local produce, discover the local surrounds and what makes Renmark so special ... the landscapes, the people, the history and everything in-between!

Make your first stop the Almondco Almond Hut to add that extra special touch to your platter! With over 80 almond products including some unique local favourites to choose from, savour the taste of one of Australia's largest almond growing regions. You're in the heart of Australia's food bowl and the largest wine region in the Southern Hemisphere, so make sure you've stock up on the premium local produce along the way!

Surely its nearly wine'o'clock? Ready to start swirling your glass? Mallee Estate Wines have you sorted, with the perfect Riverland drop to fill those glasses as you cruise the mighty Murray and soak up the serenity. Mallee Estate Wines is only a short drive away where owner and winemaker, Jim can also take you on a tour to understand how the grapes make it from the vine to wine – through the vineyards, take in the views from the platform surrounding the storage tanks, wander through the winery workings to finish at the cellar door for that much anticipated tasting of their internationally award winning wines. Dinner is optional, but recommended and totally worth it at their renowned Greek restaurant, Eleni's. With traditional recipes, all your favourites and daily specials, your taste buds will thank you!

Your day would not be complete without meeting the friendly possums who live in the large palm trees that line the Renmark Riverfront, scampering down each evening from dusk for Possum Parade. They're partial to pieces of fruit or veg, happy to be patted and pose perfectly for a unique selfie! And with the kids taken care of, it's your turn to sit back at the Big 4, in readiness for the days ahead..
