Discover The Murray's Living Legend...

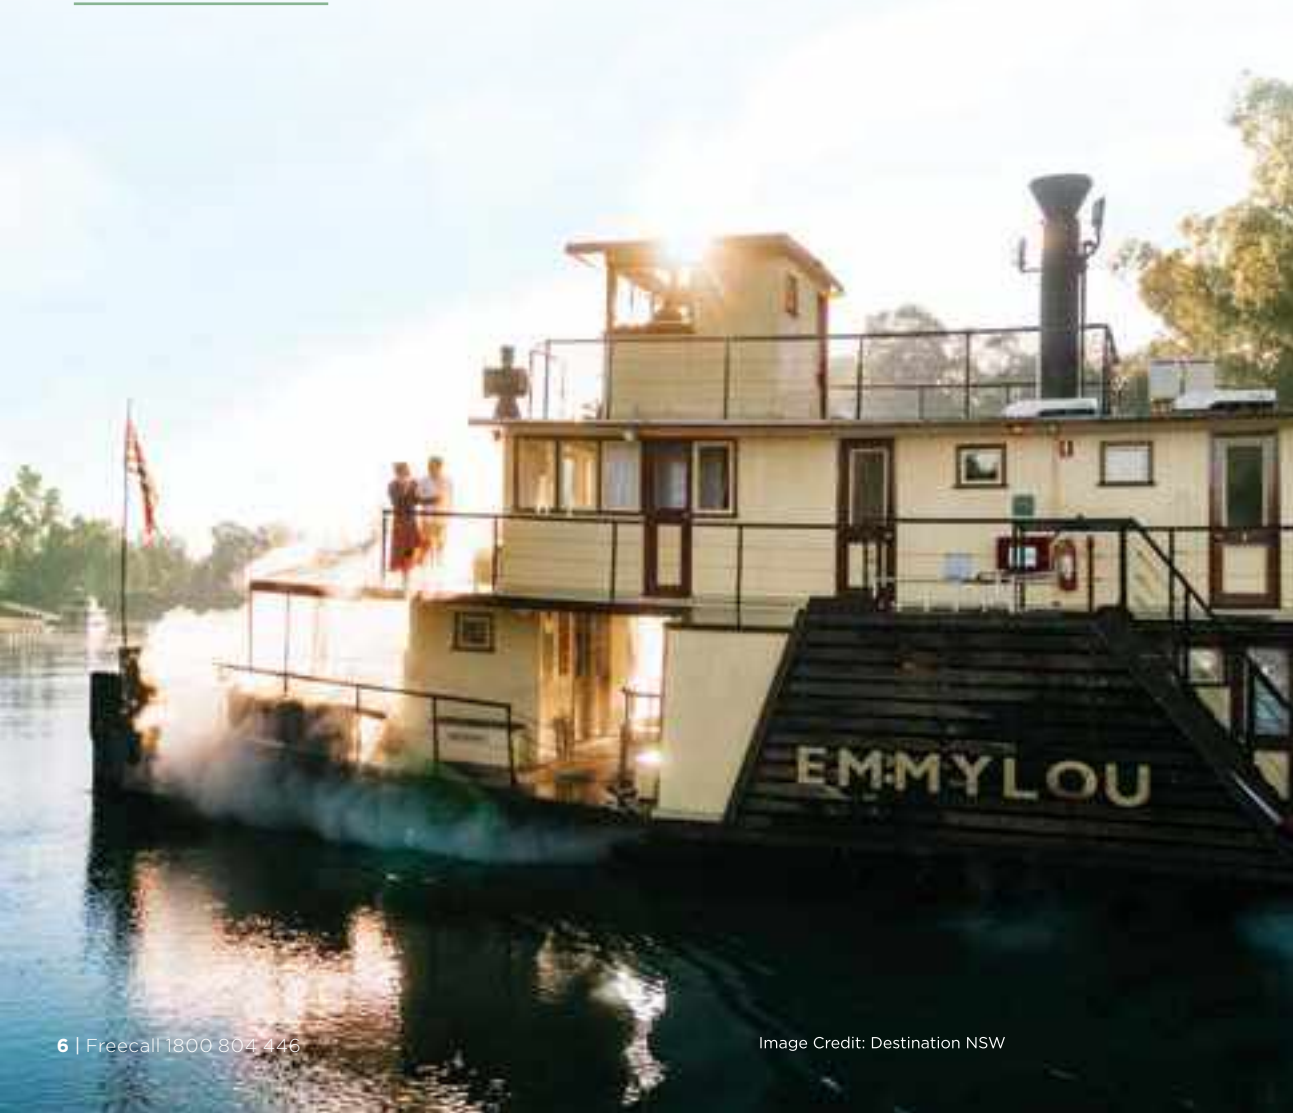

WELCOME TO ECHUCA MOAMA

THIS IS OUR STORY...

BE PART OF IT!

Welcome to Echuca Moama – the Murray's living legend. A story that starts with the traditional owners and custodians, and continues today with the thriving twin towns and riverside communities that call the region home.

Discover, connect, experience, taste, learn and explore as you journey through our region and create memories that will last a lifetime.

A sacred place for tens of thousands of years to the Yorta Yorta people, vital in the establishment of trade between the Australian states following European settlement, and a place that runs through the blood of so many Australians, the mighty Murray River is revered as one of our country's most legendary natural icons.

Winding its path across 2,600km of the Victorian, New South Wales and South Australian landscape, the Murray is one of the longest navigable rivers in the world, the lifeblood of the surrounding agricultural industry, and a place of spirituality and connection for many who visit her waters.

YORTA YORTA COUNTRY

The Yorta Yorta people are the traditional owners and custodians of the land we now call Echuca Moama. The waters of 'Dhungala' (the Murray River) are sacred to the Yorta Yorta people, with many of their beliefs, traditions and stories extending from it.

The Barmah-Millewa forest is a place where large communities lived. The river and forest provided a year-round food source and resources for shelter, weapons, canoes and other equipment.

EUROPEAN SETTLEMENT

Echuca's development is largely credited to ex-convict, Henry Hopwood, who crossed the Murray in 1853 and gained a licence to occupy a parcel of land near the Murray and Campaspe River junction. He operated a small punt across the river, and later a pontoon bridge, which catered for the increasing movement of livestock between Victoria and NSW.

Settlement began in Moama in 1845, and developed rapidly due to the

livestock market. James Maiden established a punt across the river and the area became a thriving cattle market and crossing place. In 1853, Captain William Randell became the first person to travel upstream on a paddlesteamer from Goolwa, SA to Moama, arriving on the 'Mary Ann'. The trip was the beginning of the boat building and riverboat trade era that saw the region flourish.

THE RIVERBOAT TRADE

The riverboat trade exploded in the 1860s, and by 1872 the Port of Echuca was clearing 240 boats annually. Echuca became the second largest port in Victoria and the largest inland port in Australia.

The riverboats were vital in opening up trade between the states, however were superseded by the expansion of the rail system in the late 1880s. A number of original paddlesteamers continue to operate in Echuca Moama today.

The region is home to the world's largest operating paddlesteamer fleet, and the oldest operating wooden hulled paddlesteamer, the 1866 PS Adelaide.

PORT OF ECHUCA

The Port of Echuca is a living monument to the 1870s and the boom of the riverboat trade. Echuca was the third largest port in the country, outside Melbourne and Sydney, and the main ship building centre for the river transport industry.

At its peak, the 1865 wharf was over 300m long and supported eight red gum saw mills. It was made famous in the TV series 'All the Rivers Run'. Today, it is a place where you can learn about the early pioneering days at the Discovery Centre, view steam-powered exhibits, take a paddlesteamer cruise, and visit the surrounding historic shopfronts, pubs and cafes.

MUST DO

PORT OF ECHUCA DISCOVERY CENTRE

Trace the history of Echuca's riverboat trade and shipbuilding industry at the Port of Echuca Discovery Centre.

THE STORY CONTINUES...

Today, Echuca Moama is home to over 22,000 people and is a tourism favourite, welcoming over 1.5 million visitors each year. Alongside tourism, the region is famous for its agricultural industry, national parks and forests, and emerging food and wine scene. While our story will always begin and end with the river, there is so much more to explore, and we invite you to be part of that story.

A CULINARY JOURNEY
ACROSS TWO STATES

SIP & SAVOUR

While Echuca Moama is renowned for its majestic river, bush settings and country charm, a new landscape has been emerging throughout the region over the past decade – a sophisticated and evolving culinary scene.

FROM TOP LEFT
Echuca Gin Distillery; Peregrine Ridge;
Morrisons Winery; Morrisons Winery House Brew.

Contemporary winemakers, local producers and artisan creators have come together to curate a diverse food and wine brand that commands a seat at the table with Australia's finest.

Covering two defined wine regions as well as a selection of local wineries in and around Echuca Moama, we invite you to sit, sip and savour the evolving local flavour of our wineries, breweries, and distilleries.

LOCAL & REGIONAL WINERIES

Located in and around Echuca Moama, these wineries are a stone's throw from the heart of town.

- St Anne's Cellar Door, Port of Echuca
- Cape Horn Winery, Echuca (20 mins)
- The Carriages Vineyard, Roslynmead (19 mins)
- Monichino Wines, Katunga (60 mins)

HEATHCOTE WINE REGION

Famous for its robust shiraz, superb cabernet sauvignon, ancient red Cambrian soils and tranquil bush setting, the Heathcote wine region has developed from its humble beginnings in the 1960s, into the prestigious Australian wine region it is today.

Located less than one hour from Echuca Moama, the region offers an abundance of choice when it comes to wine experiences, boutique, hand made artisan wines with small family-run cellar doors, many boasting spectacular views across the valleys and ranges.

Must visits:

- Peregrine Ridge, Toolleen
- Silver Spoon Estate, Mount Camel
- Heathcote II, Toolleen
- The Shiraz Republic, Cornella
- Domaine Asmara, Toolleen

Silver Spoon Estate is a 100% off-grid boutique cellar door, winery and vineyard.

PERRICOOTA WINE REGION

Located in the Riverina Murray food bowl, the riverside wine region of Perricoota straddles the NSW bank of the Murray, providing a unique location to experience the local wine and hero produce of Echuca Moama.

It is a relatively new wine region, with the first commercially-viable vines planted in 1995. Today it is home to some of the most popular wineries along the Murray.

Must visits:

- St Anne's Winery, Moama
- Murray Gums Estate, Moama
- Restdown Wines, Caldwell
- Morrison's Winery, Moama
- The Old School Winery, Womboota

DROPS OF A DIFFERENT KIND

Complementing our world-class wines, Echuca Moama is also home to the Echuca Distillery, producing 100% pure gin and spirits, and the 1710 Brew Co at Morrisons in Moama, which produces craft ales and ciders with 100% Australia grains and apples. You can experience both on the Echuca Gin, Beer and River Trail, where you will sample a gin flight at the distillery before travelling by paddle steamer to Morrisons Winery to enjoy a local craft beer and cider paddle. Visit rivertrail.com.au for details.

FABULOUS FOOD FINDS...

Echuca Moama is perfectly situated in the Riverina Murray food bowl and our producers define the local food scene with their handmade wines, craft beers, exquisite sweets, free range meats, organic produce and out of the box creations. A further ten minutes west is Gunbower, a nature-lover's paradise. Kow Swamp and Gunbower Island - Australia's largest inland island - are havens for abundant wildlife and bird species, and a popular kayak and canoe spot. Gunbower Lions Park in the centre of town features picturesque water frontage views, making it the perfect picnic or pit stop.
