Moama Lights

For the first time in Australia, our iconic red gum bushland and most legendary river will be illuminated using never seen before sound and lighting treatments for an original and immersive experience like no other. Moama Lights takes place in the culturally significant Horseshoe Lagoon, where a 600m trail will guide visitors through three defining chapters of Echuca Moama's story – it's indigenous heritage, European settlement, and modern day. Follow the path of up-lit river red gums and boardwalks as you are mesmerised by the lightshow of gum leaves slowly drifting across the lagoon, walk through a field of hundreds of illuminated flowers, and wander under a night sky of flickering star lights, culminating in a triumphant finale of the Murray River ablaze with colour. Moama Lights is brought to you by Murray River Council and is proudly funded by the NSW Government Streets as Shared Spaces program. Tickets are free but bookings are essential as nightly number caps apply. Visit www.echucamoama.com to book.
