

## SPLIT ROCK TRACK

The walk to Split Rock, which takes you through some challenging but very pretty uphill terrain, is two hours return with the option to continue to the delightful Shower Cave Falls, making the return walk closer to 3 hours.

Time: 2 - 3 hour return  
Distance: 3km return

Take the A5 from Deloraine then the C167 through to Meander and continue along Huntsman Rd, then turn on to Meander Falls Rd. Follow the gravel road to the end.

Ref: -41.722706, 146.545723 (type this grid reference or "Meander Falls Carpark" into Google Maps)

Retail Map: TL06 Jerusalem & TL07 Breton

Toilet and information board at the car park. Meander Bridge Café in nearby Meander offers postal services, supplies, petrol and coffee as well as tasty take away and eat in options.

Grade 3: Some bushwalking experience recommended. Track may have steep hill sections, a rough surface and many steps.

Track can be muddy and difficult to follow in places. Take care to follow track markers.

Split Rock Track starts at Meander Falls car park and swiftly takes you over the Meander River via a narrow steel suspension bridge. Take note of the 'one person at a time' rule.

The track from here negotiates its way uphill beneath mossy myrtles, towering tree ferns, scented sassafras and jaw-dropping sandstone rock formations. The track can be tricky to follow in places, but it is marked by metal triangles and the occasional ribbon to guide you. Take note of the markers as you wind through the forest.

Towards the top of the track you are rewarded with the spectacle of Split Rock (or Cleft Rock). This location is not marked by a sign, but by a tree growing between two rocks with its twisted roots spreading out below. A further 20 minutes' walk (to the left) brings you to the splendid Shower Cave Falls. Return the way you came.

Note: The walk continues uphill past Shower Cave Falls to Meander Falls in a 7 hour circuit, but it is not well marked and is exposed in places. Further research and a GPS is recommended for this.

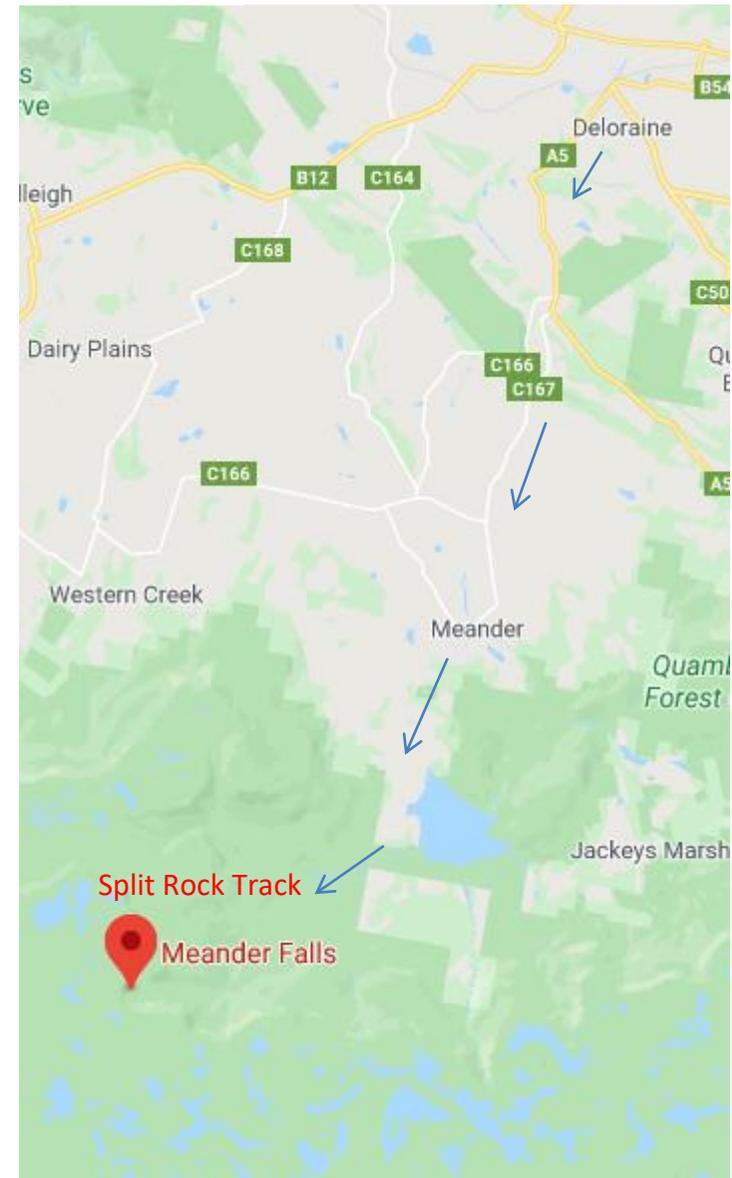

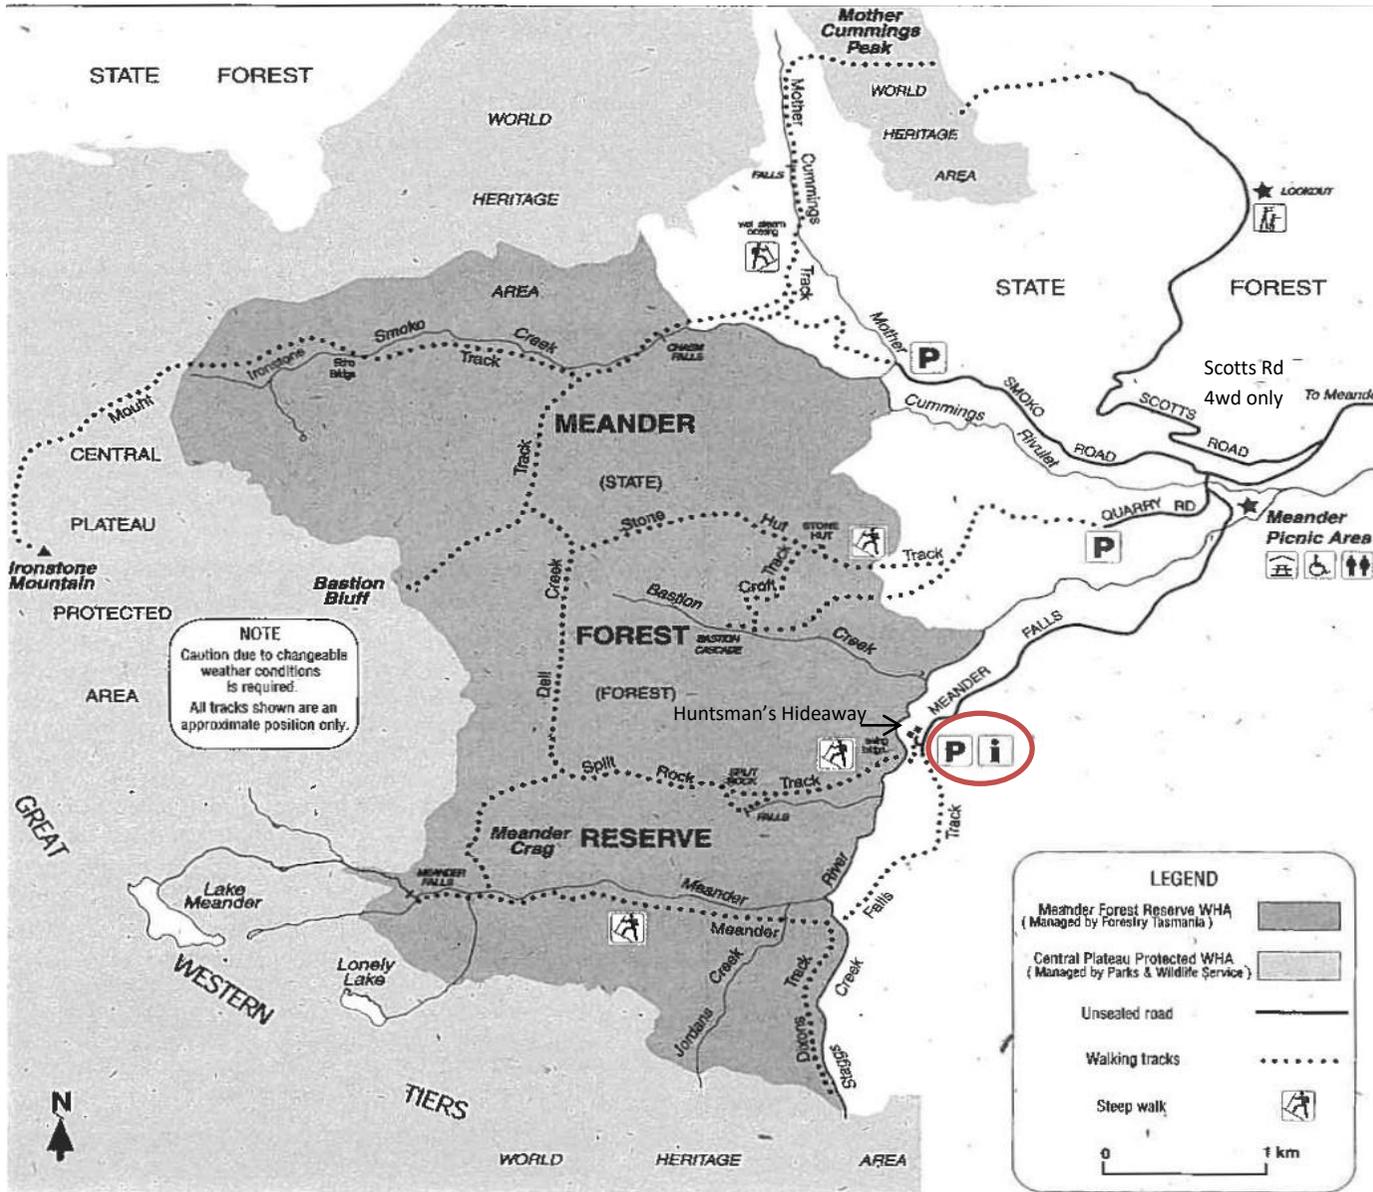

**SAFE WALKING:** Plan, be prepared, walk with friends, tell someone where you are going. Consider hiring an EPIRB from Service Tasmania to prepare for emergency events. Make a personal determination as to your fitness and ability to undertake specific walks.

**LEAVE NO TRACE:** walk on formed tracks, observe all restrictions, dispose of waste properly and leave what you find.
