‘sharing tourism with everyone by making it easier’

The Top End Visitor Information Centre Accessibility Guide for Darwin

Welcome to the Accessibility Guide for Darwin, a resource designed to empower individuals of all abilities to explore and enjoy the natural beauty and cultural richness of this unique Australian city. This guide aims to ensure that everyone, regardless of their physical or cognitive abilities, can partake in the vibrant offerings in Darwin and the Top End.

Centrally located, the Top End Visitor Information Centre provides visitors with free personalised visitor services and comprehensive selections of brochures, booklets, maps and timetables. Our team of passionate and dedicated individuals are committed to providing excellence in customer service to all visitors. We help take the hard work out of planning a trip to the Top End by providing reliable knowledge and up to date information to create choice and customised itineraries to suit any person, budget or time frame.

Over 4 million Australian's experience a disability, accessible tourism is not a niche market, with over one billion people worldwide or 16% of the world's population experiencing disability. Accessible tourism benefits everyone, research tells us that 54% of people with access requirements avoid going to new places if they can't find information about accessibility and 96% of visitors are likely or very likely to return to venues with good accessibility.

We acknowledge that access is also not limited to legislative compliance and infrastructure improvements. Many businesses provide for people living with disability and their careers, and direct enquiries should qualify the full range of services provided by individual businesses.

Whether you are a resident or a visitor, this guide provides inclusive information about traveling to Darwin and what services to expect or request during your visit. We have designed the guide with the end user in mind and hope we can help make your stay in Darwin and the Top End more enjoyable.

Darwin invites everyone to experience its magic, and we believe that accessibility should never be a barrier to exploration. So, let's embark on this journey together, discovering Darwin's treasures while embracing the spirit of inclusivity and accessibility.

1. Accessibility Icons and what the symbols mean

Inclusive tourism means to be accessible and welcoming to all people. There are seven 'universal design' principles based on ease of use and inclusivity used throughout Australia and the world.

Some of the universal accessibility symbols below are currently in use in the Top End in various colours. These symbols educate, promote and advertise accessibility of services and locations for visitors and the general public.

Wheelchair accessible

Use the wheelchair access symbol when the venue is wheelchair accessible and has accessible bathrooms. A wheelchair-friendly venue should also have specific seating reserved for wheelchair users.

Assistive listening systems

These listening systems are installed in venues and used to amplify or enhance sound quality using hearing aids, headsets or other devices.

Captioning (open/closed)

Closed captioning are used during the performances, the captions are displayed on a screen, enabling the audience to read what is being said. Open captioning is always in view, closed captioning can be activated or deactivated by the viewer.

Large print

Large print materials should be 18 points or larger, have high contrast (i.e. black print on white or white print on black) and well-spaced.

Braille

The Braille symbol indicates that printed material is available in Braille, including items such as exhibition labelling, publications and toilet signage.

Companion Card

The Companion Card is issued to people that are unable to access most community activities without a carer and entitles their companion to a complimentary ticket.
Ph: 08 8948 5400 or <https://nt.gov.au/wellbeing>

Audio description

Audio description is a service that enhances live theatre or film experience for people who are blind or have low vision. Through the use of a small radio receiver, audience members listen to a description of the visual aspects of the performance during appropriate breaks in the dialogue.

Accessible for low vision

The accessible icon for low vision indicates access for people who are blind or have low vision. It should be used for guided or tactile tours, nature trails or a scent garden with clear paths or museum/gallery exhibitions that may be touched.

Sign language interpreted

The sign language interpreting symbol should be used where Auslan – or another sign language – interpreting is available for patrons or audiences.

Volume Control Telephone

This symbol indicates the presence of telephones that have handsets with amplified sound and/or adjustable volume controls.

Telephone typewriter (TTY)

This device is also known as a text telephone (TT), or telecommunications device for the deaf (TDD). TTY indicates the presence of a device used with the telephone for communication with and between deaf, hard of hearing, speech impaired and/or hearing, persons

2. Travelling to Darwin and the Top End

Darwin is the capital of the Northern Territory. It is a friendly, relaxed and modern city encompassed by parkland's over looking the Timor sea. The central business district (CBD) is relatively flat and easy to navigate with many accessible paths, tourism attractions and services in close proximity of the CBD.

A few accessible landmarks in close proximity of Darwin's CBD are:

- The **Visitor Information Centre** is located in State Square at the Top of the Smith Street Mall and Bennett Street. In this busy precinct you will find helpful staff who will guide you on accessing tourism and local information.
- **Smith Street Mall** is almost opposite the Visitor Information Centre, it is a hub for cafes, and shops with art galleries, playground, food court and markets in the dry season.
- **Parliament House** and the Supreme Court are visually spectacular buildings, with the State library open to the public, a café and tours all a short distance from the visitor information center and accessible by wheelchair ramps.
- **Brown's Mart Theatre** – is also across the road from the Visitor center built in 1883, this old sandstone building is now home to the Darwin Theatre Company.
- **Christ Church Cathedral** - built in 1902, the cathedral was damaged by the Bombing of Darwin and Cyclone Tracy and is a peaceful visit enroute to the Waterfront.
- **Darwin Entertainment Centre** - located on Mitchell Street, the DEC hosts many exciting theatrical performances.
- The **Darwin Waterfront** – is a hive of activity with a wave pool, swimming lagoon, restaurants, hotels and accommodation. This is also the Cruise ship terminal.
- **The Administrators residence** – a historic residence overlooking the waterfront.
- **Crocoborus Cove** - also located on Mitchell Street, you will find the Northern Territory's most famous inhabitants; the saltwater crocodiles.
- **The Chinese Temple** - located on Litchfield Street, the current temple is built on the site of a temple that was constructed in 1887.
- **Cavenagh Street** - Darwin's original Chinatown. In the late 1800s the southern end was full of ramshackle huts and shops and you'll still see some of the original stone buildings near the Darwin Post Office.
- **Bicentennial Park and Anzac memorial** - the park runs the length of the Esplanade with a walking/cycling path from Doctors Gully to the Waterfront Precinct. There is a children's playground halfway along the park, an eagle's nest lookout at the northern end and a Cenotaph containing a Bombing of Darwin Civilian Memorial Wall at the southern end.
- **Darwin Library** - are situated in Civic Centre. Members and non-members are welcome to enjoy the spaces and use the resources in the libraries.

- **Deckchair Cinema** - located in Jervois Road in the Wharf Precinct. On balmy evenings in the dry season, the Deckchair Cinema is a popular venue for locals and visitors alike to catch current and classic films in the open air.
- **The Botanic Gardens** – a beautiful array of tropical gardens, local food garden, café and amphitheater.
- **Royal Flying Doctor Service and Bombing of Darwin Museum** – located on Stokes Hill Wharf
- **Museum and Art Gallery of the Northern Territory (MAGNT)** – located between Vestey's beach and the Botanic Garden's an easy access venue with a café and information centre.
- **Defence of Darwin Experience and Darwin Military Museum** – located at East Point over looking the Timor Sea.

3. Darwin Airport

The Darwin domestic and international airport is located in the same terminal on Henry Wrigley Drive in Marrara. A 13 kilometer, or approximately a 15 minute drive from the Darwin CBD. Darwin Airport arrivals hall is on the ground level with accessible toilets. The domestic and international departures are accessible by lift to the first floor with aerobridges to the aircraft. NT Airport provides free, high-speed Wi-Fi in the terminal.

3.1 Before you arrive in Darwin

Wheelchairs and mobility aids to access the terminal and aircraft are available from airline staff on passenger request. Please liaise directly with your airline or travel agent in advance of your arrival regarding your personal requirements. This includes carrying baggage, medical needs or clearances to fly, wheelchair or mobility assistance from check in to the departure gate and baggage reclaim.

3.2 Facilities inside the Darwin Airport Terminal

The Darwin airport has dedicated **accessible toilets** on the ground floor of the arrival, in the domestic departure lounge on the first floor and also in the international arrivals and departures areas.

All wheelchair access aids are required to be screened for security, there is also a private screening area available, please allow additional time if you may require this. A lift is available in the security area to the departure lounge on level one.

A **first aid room** is available for emergency and travellers or carers' requiring privacy for medical matters. To arrange access to the first aid room, travellers first need to contact the Airport Duty Manager. Please proceed to the phone nearby the Terminal Control Centre (down the corridor opposite Giancarlo, ground level), and follow the prompts to contact the Darwin Airport staff member.

Certified assistance dogs are welcome inside the terminal and gardens outside the terminal provide comfort for the animals.

3.3 Airport Car Parking and drop off/Pick up Zone

The airport has a free express lane (red lane) designated for two minute, quick drop off and pick up of airport passengers in front of Terminal A. Drivers must remain in the vehicles, private hire, taxi and shuttles are also located here.

There are three car park options that operate 24 hours a day, 7 days a week at the Darwin Airport:

- 1.** The short stay car park has 10 minutes free parking access path into the terminal is partly covered and gently sloping uphill. Accessible car parks are located on both sides of the pedestrian walkway in close proximity to the arrival and departure terminal.
- 2.** The long stay plus car park is located 200m walking distance from the terminal building on the left. Accessible car parks are located at the entrance of the long stay car park.
- 3.** The long stay saver car park is located on Pedersen road, accessible parks are located at the entrance. It is a 6 minute walk or a free shuttle service is provided using the phone located near the car park entry.

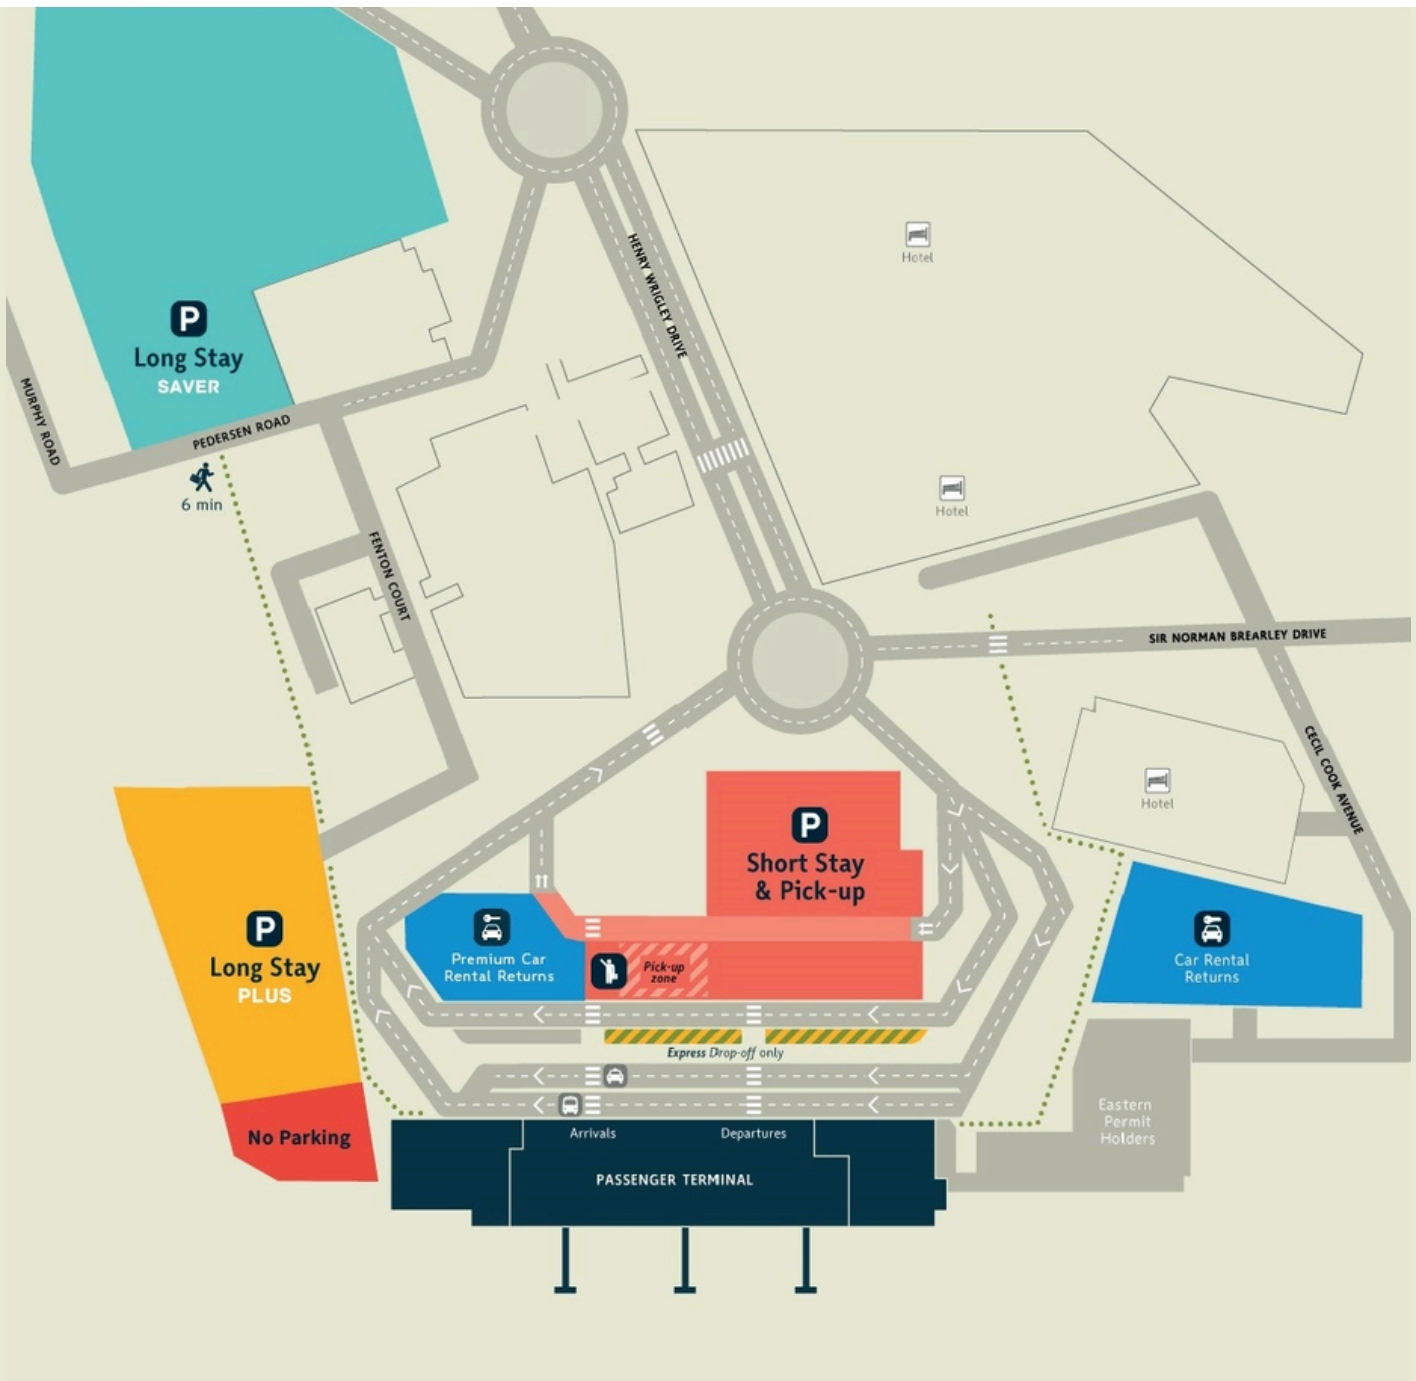

As you enter through the boom gate you will receive a parking ticket, if you exit within the 10 minute time frame the exit boom gate will automatically let you out of the car park. If your stay is longer than 10 minutes, you will need to pay for your ticket using cash or credit card at the automated ticket machine. Ticket machines are located undercover in the short-term car park or near the baggage carousel in main terminal entrance.

Bus transport in Darwin city

The free Darwin Waterfront shuttle bus <https://www.waterfront.nt.gov.au/free-waterfront-shuttle>. The bus will operate at peak lunch and dinner times; from 11.30 am to 2 pm and 4 pm to 9 pm. Linking Stokes Hill Wharf, the Cruise Ship Terminal, residential apartments, hotels and various other precinct attractions, jump on board and explore everything there is to love at Darwin Waterfront!

Public transport in Darwin is constantly being improved to help residents and visitors to have a safe and comfortable journey. To plan a trip around Darwin city or require more information on accessible transport, visit the Northern Territory Government's website <https://nt.gov.au/driving/public-transport-cycling>.

'Easy Access Bus'. Some NT public buses have an easy-access low floor and are fitted with ramps that provide access for standard wheelchairs and light-weight mobility aids.

These buses have the following assistance:

- a driver activated manual ramp
- footpath 'kneeling' action to bring the floor closer to ground level and reduce the angle between the floor and the footpath, improving wheelchair and pram access
- handrails and bus stop button to assist the mobility of passengers with a disability
- room for two wheelchairs or prams in the priority seating areas
- a special button in the priority seating area to enable those with limited upper body strength to signal when it is their stop
- skid-resistant flooring in the priority seating area to reduce the amount of movement of wheelchairs while the bus is in motion.

Buses: mobility aids

Wheelchairs and mobility aid users can board buses that have an easy-access low floor, as long as they have the right dimensions, manoeuvrability and weight. Please visit this webpage for detailed measurements guidance. For more information visit <https://nt.gov.au/driving/public-transport-cycling/help-getting-around/using-a-mobility-aid-on-a-bus>
