GREAT BARRIER REEF

More people visit the Great Barrier Reef Marine Park from the Whitsundays than from any other destination and it's not hard to see why! You can swim, snorkel, dive, sail and fly over this natural wonder in the Whitsundays, the heart of the Great Barrier Reef.

THE WHITSUNDAYS is the ideal place to explore this World Heritage-listed attraction that is the envy of the world. It is hard not to be mesmerised by the dazzling array of corals and brightly coloured fish as you swim and snorkel on this amazing living structure.

You can choose from any number of vessels to transport you there, from romantic old timber sailing boats to fast and sleek motor cruisers and everything in between.

Or you can fly over the reef for a totally different perspective, including the most photographed reef in the world, Heart Reef, a natural heart-shaped formation that can only be seen in the Whitsundays and has stirred many a declaration of love!

However you choose to have your Great Barrier Reef experience – and you might choose more than one! – you will certainly fall in love with the heart of the reef, the Whitsundays.

Did You Know?

THE GREAT BARRIER REEF MARINE PARK IS HOME TO:

- 1,625 species of fish
- 133 species of sharks and rays
- 3,000 species of molluscs (shells)
- 30 species of dolphins and whales
- 630 species of starfish and sea urchins
- six of the world's seven species of marine turtle
- one of the world's most important dugong populations
- one third of the world's coral species (including giant clams).

SNORKELLING & DIVING

Visitors flock to the Whitsundays to experience diving and snorkelling on the Great Barrier Reef.

BE DAZZLED by the many different corals – the reef is home to one third of all known species – as you swim with a multitude of colourful fish (more than 1,500 different kinds!) and rub shoulders with green turtles and manta rays. Look out for stunning Humphead Maori Wrasse and the shy clown fish or 'Nemo', who hides in sea anemones.

Snorkelling

MOST TOURS and trips out on the water include snorkelling but check with the operator when booking as this is a 'must-do' for visitors to the Whitsundays!

The local knowledge shown by operators is excellent (don't be afraid to ask questions) and they will take you to the best spots, given the weather and tides.

Remember to wear sunscreen – even in winter – and bring a towel and a warm top for the boat ride home.

There are also many spots on the mainland with excellent fringing coral reefs, some of which are so close to the beach you can walk to them!

Diving

DIVING IN THE Whitsundays is a once-in-a-lifetime experience, whether you are a complete novice or have some time under your weight-belt.

There are several diving options, so you can choose your Whitsundays diving adventure to best suit your experience and timings.

For those serious about taking their diving further, there are certified courses available in the Whitsundays including Open Water and Advanced Open Water courses.

Underwater Sculptures

In 2019, avid snorkellers and divers will be treated to an underwater wonderland with the introduction of Queensland's first underwater art in the Whitsundays Great Barrier Reef Marine Park. The underwater sculptures will provide a new experience for travellers and marine enthusiasts who will be amazed by the unique sculptures, designed by a range of renowned artists. The sculptures are the first underwater sculptures to be placed in the Great Barrier Reef Marine Park, and are bound to be a major drawcard for tourists and locals alike.

WHITEHAVEN BEACH & HILL INLET

There are two bucket list items to tick off in the Whitsundays! Sink your toes into the white, silica sands of Whitehaven Beach and take the short walk up to the lookout and enjoy the breathtaking beauty of Hill Inlet.

Whitehaven Beach

THE SPARKLING, PRISTINE WHITEHAVEN BEACH is often voted one of the top beaches in Australia and the world.

The 7kms of pure white, silica sand stretching into the distance will take your breath away!

Whether you want to lay on the beach and soak up the stunning scenery, swim in the crystal clear water, or venture deeper into the bushland bordering the beach for a walk, Whitehaven Beach is a must-see when you are visiting the Whitsundays.

Hill Inlet

AT THE NORTHERN END of Whitehaven Beach is Hill Inlet, a stunning, swirling fusion of colours created by the sand meeting the sea as the tide comes in and out of the inlet.

Best seen from the viewing platform where the swirling pattern can be seen in its entirety, most tours to Whitehaven Beach and Hill Inlet also incorporate a walk along the bush trail that leads to the lookout.

Getting There

THERE IS A WIDE CHOICE of day trips to Whitehaven Beach and Hill Inlet including by private vessel, power boat, sailing yacht or super-fast inflatable!

Most overnight sailing trips also stop in and many self-sufficient boaties are drawn to anchor along its peaceful shores.

For amazing aerial views, you might want to see Whitehaven Beach and Hill Inlet by seaplane, light aircraft or helicopter. Whatever you choose, you're guaranteed to bring home memories that will last a lifetime.

CREWED SAILING

Sailing in the Whitsundays is an adventure in paradise that will give you a lifetime of memories and so many insta-moments! Experience pristine islands and be invigorated by the sea air as you sail, swim, snorkel and dive in this amazing aquatic playground.

WHITSUNDAY SAILING holidays come in all shapes and sizes and you can choose between modern and sleek or the charm and grace of an old timber vessel.

Spend one, two or three nights sailing among the islands and fringing reefs with 'your tribe' or just a few people if you are seeking solitude.

There are dozens of different boats to choose from, all fully equipped with everything at your fingertips for a comfortable and relaxing holiday, including freshly prepared meals and knowledgeable, fun crews keen to share their local knowledge with you.

There are plenty of on-water activities to choose from with snorkelling being the most popular and some tours also offer scuba diving and kayaking.

BAREBOATING

There is no better way to experience the beauty of the Whitsunday Islands than onboard a boat. Why not set your own course around the stunning waters of the islands by chartering your own 'bareboat' (without a crew) – meaning you, your family and friends are the crew!

ENJOY THE FREEDOM of choosing your own route and going at your own pace as you discover cascading waterfalls on the islands and are the first to leave footprints on untouched beaches each morning. Have fun paddleboarding, scuba diving, snorkelling and fishing, all at your leisure.

The bareboat team will help you plan an itinerary perfectly tailored to your needs as you carve out your own adventure amongst the islands, mostly uninhabited National Parks. With more than 40 anchorages, there is always a tranquil spot to lose yourself at night under the endless expanse of starlit sky.

You can opt for a sailing yacht or a power cruiser and you will receive a detailed and comprehensive briefing before you start. Vessels are equipped with all the necessities for a comfortable stay. Make sure to slip, slop, slap and bring along your sense of wonderment.

THE WHITSUNDAY MAINLAND

The Whitsunday mainland is the 'stepping-off' point for the 74 Whitsunday Islands and Great Barrier Reef. It is also a holiday destination in itself with vibrant townships, stunning scenery, beautiful waterfalls and walking tracks through ancient rainforest.

Airlie Beach

WITH THE STUNNING mountainous backdrop of Conway National Park, the coastal town of Airlie Beach is vibrant and cosmopolitan with a variety of shops, cafés, bars and restaurants.

You can chill out at the renowned Airlie Beach Lagoon during the day and enjoy the famed nightlife when the sun goes down. Make sure you also sample the excellent dining options available.

Bowen

BOWEN, IN THE NORTH OF the Whitsundays, delights visitors with its gentle charm. There are eight beautiful beaches surrounding the town where you can walk, fossick, swim and snorkel, with some fringing coral reefs just metres from the beach.

The region is also known for its abundant fruit and vegetables and produce mangoes, tomatoes, corn, capsicum, melons, beans, pumpkin and limes. There is also a plentiful supply of fresh, wild-caught seafood at the marina.

Don't forget to check out the Big Mango!

Collinsville

COLLINSVILLE IS A SMALL outback town that offers a huge country welcome! Built on mining, the town celebrates this with its Coalface Experience, a fascinating look at life underground for the many miners who worked there.

Stop by the Pit Pony monument for a photo. The area is also home to heritage-listed architecture, making the beautiful history perfect for a photo opportunity.

Dingo Beach and Cape Gloucester

COMPRISING JUST A handful of houses, resort, caravan park and pub, this is the perfect spot for getting away from it all and maybe casting a line off the beautiful, almost-empty beaches.

Just a few kilometres further on you will come to Gloucester Point, overlooking Shag Islet and Green Island. With its palm tree-lined beaches and sparkling water it is an idyllic tropical escape.

Proserpine

SURROUNDED BY swaying cane fields, Proserpine is a charming town with Art Deco architecture, friendly, laid-back hospitality and an eclectic mix of original shops, each with its own look and feel.

Enjoy a counter meal with the locals at one of the characterful pubs on the main street. If you're lucky, they might take you fishing on Lake Proserpine in search of the elusive barramundi or head to the Proserpine River to see crocodiles in the wild.

The Hinterland

DELVE DEEPER into the Whitsundays and you will discover lush rainforests, walking trails, waterfalls and windswept promontories, such as the one at Conway Beach, a stunning and solitary stretch of sand where kites fly overhead.

Stop at Cedar Creek Falls, where a beautiful natural amphitheatre of bushland surrounds the crashing falls as they tumble into the pool below, providing a year-round swimming hole. You can also walk the Conway Circuit, through the Conway National Park, from Brandy Creek to Airlie Beach.

WHITSUNDAY ISLANDS

The Whitsunday Islands were formed when sea levels rose, creating 'drowned' mountains that now protrude from the Coral Sea with their distinctive emerald green vegetation and rocky outcrops.

WITH 74 'ISLAND WONDERS', it really is a paradise for sailors, scuba divers, snorkellers and swimmers...not to mention kayakers, paddleboarders, jetskiers and fishing fanatics!

Visit an island resort for some relaxing indulgence or mix it with nature and explore the many walking trails and camp overnight at a National Parks camping ground.

Hamilton Island

HAMILTON ISLAND is the largest inhabited island of the Whitsunday Islands and has its own commercial airport. There's plenty to do with a wide selection of bars and restaurants, year-round sporting events and a great variety of watersports and adrenalin activities! Most of the car-free island is covered in bushland, and the coast is fringed by coral reefs.

With six different levels of accommodation to choose from – ranging from 5-star couples' pavilions to family-friendly apartments and holiday homes – a stay on Hamilton Island offers something for everyone.

Long Island

LONG ISLAND is the closest island to the mainland, and as suggested by the name, is 9kms long while only being 400m wide at its widest point. It is mostly national park and has 13kms of walking trails to explore, with plentiful native flora and fauna.

Palm Bay Resort offers a unique holiday experience combining gorgeous balinese-style accommodation right on the beach with the convenience and affordability of self-catering. Palm Bay is a quiet paradise for visitors seeking tranquillity. A place to relax, rejuvenate and escape.

Elysian Retreat – the newest resort opening in December 2018 – offering one of the most secluded island retreats in the Whitsundays. Elysian promises a blissful escape from the crowds with a small team of dedicated staff, including a private chef, to cater to a maximum of 20 guests. Allow time to slow down and immerse your senses in nature and island life. Elysian is exclusively for guests aged 16 or over.

Camp Island

LOCATED 50KMS NORTH OF BOWEN and 3kms offshore, Camp Island is the Makepeace Island of the Whitsundays. With 4 bungalows and a 3 bedroom house, it offers guests a rockstar experience with exclusive use – your own private island escape.

Daydream Island

FOLLOWING AN EXTENSIVE \$100 million redevelopment, Daydream Island Resort is set to reopen in Autumn 2019. The island will offer 3 restaurants and 5 bars, an absolute beachfront pool, adjacent infinity pool and central lagoon-style pool with an attached kids area. The Living Reef will be bigger and better than ever before with an eco-friendly focus allowing you to get up close and personal to the inhabitants of the Great Barrier Reef.

Hayman Island

Welcome to a secluded paradise of serenity and breathtaking beauty. Surrounded by verdant cliffs, a crescent-shaped white beach and celestial-blue sea, the re-imagined InterContinental Hayman Island Resort will immerse you in a world of five-star luxury and island wonders beyond your imagination. From the moment you step off your seaplane, helicopter or luxury boat, you'll discover an idyllic destination of privacy and pampering. Diving the Great Barrier Reef, swimming in your private pool, sailing the Coral Sea, indulging in culinary artistry and personalised spa treatments are just a few of the many experiences waiting for you.

Prepare to redefine the art of luxury travel with InterContinental Hayman Island Resort. Opening mid-2019.

Camping on the islands

WITH SECLUDED BEACHES, fringing coral reefs and distinctive hoop pines and 'dry' rainforest, the Whitsunday Islands are a spectacular camping ground.

Whitsunday Island, the largest island in the group, has many great camping spots including Dugong Beach, which is suitable for larger groups (up to 36 people allowed) and has a good sandy beach backed by rainforest. Or Nari's Beach is more private (maximum six people) and the camping area is under the rainforest canopy, tucked against a steep hill with outstanding views of Cid Island.

LUXURY IN THE WHITSUNDAYS

New developments on the mainland and islands have taken the Whitsundays to a new and welcome direction with numerous luxurious resorts, hotels and vessels now on offer. Swanky restaurants are also pushing the boundaries with their culinary skills and use of local produce. If your ideal holiday involves world-class service and premium experiences in an idyllic tropical paradise, then look no further than the Whitsundays.

THE WHITSUNDAYS has an elegant fine dining scene that has grown significantly in recent years, especially on the mainland. Home to award-winning chefs, the Airlie Beach dining scene is awash with exquisite cuisine bound to tantalise the tastebuds.

Airlie Beach's two marinas – Port of Airlie and Abell Point Marina – continue to expand and evolve, offering visitors smart and chic precincts for shopping and dining.

Luxury offerings on the mainland aren't confined to food. There is a range of premium accommodation available, including full service hotels, holiday homes and self-catering resorts. On the islands, the yacht club and qualia on **Hamilton Island** are proving to be a big hit with travellers, while the 18-hole world championship golf course on neighbouring Dent Island ensures both professional and

leisure golfers are put through their paces. The only course on its own island, it has a sophisticated clubhouse to help you enjoy the spectacular views after your round of golf.

Both **Hayman Island** and **Daydream Island** are undergoing major multi-million dollar refurbishments to ensure they continue to deliver a first class experience for their guests and are due to open in 2019.

And luxury is not limited to dry land, with the Whitsundays being the only destination in Australia where you can charter award-winning opulent power cruisers, offering the ultimate in comfort, design and performance.

Whatever luxury experience you desire, you won't be able to fault the Whitsundays, which time and time again delivers first-class luxury to all visitors.

ADVENTURE

If you like some action with your holiday, the Whitsundays can certainly dish up plenty of adventure and adrenalin sports.

YOU CAN DIVE, SNORKEL AND SAIL in the Whitsundays – with the Great Barrier Reef providing natural protection that ensures calm waters – and there is a wide choice of watersports on offer including jetskiing and jetboating for the speed-freaks, and parasailing if you want to get high over the islands. And there are also go-karts on Hamilton Island for some cracking fun!

For the ultimate adrenaline rush, skydive from a plane 15000 feet above sea level and enjoy the best view of the Whitsundays you will ever encounter.

There is also excellent fishing, including rivers, lakes, estuaries and ocean fishing. Chasing giant trevally on the outer reef is an adrenalin-packed pastime.

Or put on a backpack and walking shoes and explore the many tracks criss-crossing the islands and mainland, leading to secluded beaches and bays...and stunning views. Remember to tell someone where you're going and always take water with you. You can also camp overnight in designated National Park sites for a very special back-to-nature experience.

FAMILY

There are plenty of family-friendly activities on offer in the Whitsundays, starting with the famous Airlie Beach Lagoon, in the centre of Airlie Beach, and the fabulous waterparks along Bowen's main beachfront and in Proserpine. These facilities are all free.

THERE ARE swimming pools at Proserpine, Bowen and Collinsville and many resorts and van parks have pools and waterparks. If the ocean is more your thing, there are plenty of family-friendly watersports available including kayaking and stand-up paddleboarding (SUP), and, of course, snorkelling.

Horseshoe Bay and Rose Bay in Bowen are very family-friendly as the fringing reef is close to the beach – at low tide you can walk out to it, or snorkel straight from the beach – and it is very protected.

There are literally dozens of beaches across the Whitsunday region and most of the main beaches also have free BBQ facilities.

Plenty of fish abound the Whitsundays, so it's no surprise that angling is a family favourite. Choose from the open sea, or head inland for some fishing on Lake Proserpine in search of the prized barramundi.

Family-friendly activities include segway tours – either through the rainforest or along the boardwalk from Airlie to Cannonvale Beach – and the fascinating crocodile safari on Proserpine River, complete with educational tour of the adjoining wetlands. Many day tours cater to families where you can visit Whitehaven Beach and Hill Inlet and also include a spot of snorkelling. The Great Barrier Reef is also a fantastic option or if you prefer solid ground under your feet, enjoy a day trip out to one of the island resorts.

Or how about some strawberry picking at Mount Danger, just outside Bowen, when in season!

If you're a family that loves getting amongst nature, there are countless trails and tracks across the Whitsundays, many leading to secluded beaches, so pack a picnic and don't forget to take water, sunscreen and a hat.

In winter, you might spot a passing whale on her way to give birth to her calf in the warm Whitsunday waters.

SHOPPING

The Whitsundays has a great variety of interesting shops on offer, with many individually- owned stores having their own distinct style, as well as colourful markets around the region.

JEWELLERY, homewares, artworks and indigenous artefacts are all to be found by the curious shopper, as well as fashions, food and fun things for the kids.

Not surprisingly, the main street of Airlie Beach – the stepping off point for the Whitsunday Islands – is also dotted with souvenir shops with colourful swimwear, sarongs, sandals and sunhats swinging from rails on the footpath.

For a unique experience check out Proserpine's lanes and alleyways with their striking 'Art Deco' shopfronts. Wander through the narrow lanes crammed with clothing and delve into a cornucopia of homewares, jewellery and gemstones. Don't forget to check out the great boutique offerings in Bowen too.

Some of the island resorts also offer retail therapy with leisurewear, bags, shoes and swimmers on offer to give your holiday some zing! And if you're looking for something uniquely Australian, there are shops offering didgeridoos, boomerangs and Australian opals.

Markets

MARKETS ARE A HIGHLIGHT of holidaying in the Whitsundays with brightly coloured clothing, jewellery, bags and sarongs glinting in the sunshine.

The smell of fresh produce mingles with the aroma of coffee, as locals and holidaymakers pore over bric-a-brac, books, paintings and homemade crafts.

With its 74 tropical islands, saltwater creeks and estuaries, rivers and a freshwater lake at Proserpine, the Whitsundays really is a versatile fishing spot and is becoming known for being a top angling destination.

THE QUALITY FISHING and stunning scenery combine to create a truly special experience.

The varied habitats are home to a myriad of fish, from big bream in the estuaries to giant trevally in the deep blue. The sport fishing on offer rivals anywhere in Australia.

The reef fishing is also first class, and you'll often catch an assortment of species including coral trout, grassy sweet lip, emperor and tusk fish.

There are many reputable fishing companies in the Whitsundays and they will be able to take you to the best spots given the weather and tides on the day. If going it alone, make sure you get a GBRMPA zoning map to check where you can and can't fish if you want to avoid a fine!

Lake Proserpine (also known as Peter Faust Dam), 20kms north-west of Proserpine, is well known for its impoundment barramundi, a style of fishing that has become very popular in recent years. But be patient as the iconic barramundi can prove elusive...but very worthwhile when you catch one!

NATIONAL PARKS & CAMPING

Camping in the Whitsundays is a very special back-to-nature experience. With rugged natural beauty, stunning views at every turn and an abundance of wildlife, you will feel rejuvenated, relaxed and at one.

THERE ARE COUNTLESS BEAUTIFUL SPOTS to camp in the Whitsundays. Whitsunday Island, the largest of the group, supports a population of rock-wallabies and from June to September, the Whitsundays are an important calving ground for migrating humpback whales, resulting in regular sightings.

You can fish, snorkel and swim from the beach of many campsites and also explore the trails that zig-zag across the islands. Keep your eyes peeled for white-brown scrub wren, kookaburras, yellow-faced honey eaters, ospreys, herons and egrets.

The Whitsunday Islands National Park protects 32 islands including Whitsunday Island with its world-renowned Whitehaven Beach, as well as Black, Hook and Langford Islands.

The park is readily accessible by private or commercial boat from Airlie Beach or Shute Harbour and some commercial transfer companies drop off and collect campers. If travelling by private vessel, always take the weather and tidal influences into account.

Facilities vary and are limited to toilets and/or picnic tables. Campers must be self-sufficient. Remember to take fresh water, a fuel stove for cooking and insect repellent. Open fires and generators are not permitted and please remember to take your rubbish home with you.

Visitor numbers are limited to ensure a quality experience. You will need to book your site and purchase your permit in advance and display your camping permit tag prominently on your tent!

Some Suggested Camping Spots...

- Camp at sheltered sites in Cid Harbour: Dugong, Nari's Beach and Joe's Beach
- Other sites on Whitsunday Island include the popular Whitehaven Beach and Cairn Beach
- Small camping areas on Hook Island including Maureen's Cove, Crayfish, Steens and Curlew beaches; all offering snorkelling from shore
- You can also catch your own dinner with some campsites allowing you to fish right off the beach

HISTORY & HERITAGE

The Whitsundays has a rich history dating back millions of years, with the hilly islands formed when rising sea levels drowned a mainland mountain range.

THE NGARO ABORIGINAL PEOPLE, one of the earliest recorded Indigenous groups in Australia, were seen by Captain James Cook while exploring the Whitsunday Passage. The Ngaro people lived throughout the island chain and the nearby mainland for thousands of years. Rock art and middens at Hook Island's Nara Inlet provide a record of their special way of life and there is an ancient Ngaro stone quarry on South Molle Island where tools were made.

Named after the Greek goddess of fertility 'Proserpinia', the township of Proserpine dates back to 1861 when land was taken up at Proserpine station by the first settler, Daniel Emmerson. In 1872–73 work-hungry people from all over the world arrived to set up cattle stations. In the 1880s more settlers arrived to grow and harvest sugar cane in the naturally fertile basin. The first Sugar Mill at Glen Isla failed, but Proserpine Central Mill opened the present Sugar Mill in 1897 which stands in the middle of town and processes about 1.5 million tonnes of cane each year. Around this time Proserpine Police Station was also established which was just a couple of tents!

Established in 1861, Bowen is North Queensland's oldest town and was even earmarked to be the 'capital of the north' in the 1860s. Salt, beef and coal were all exported from the Bowen Jetty, on Front Beach, which turned 150 years old in 2017.

The rich culture and history is evident at every turn in Bowen, which is famous for its historic murals on the walls

of shops and pubs, and also its Catalina museum celebrating the brave pilots who used Bowen as a base in World War II. The Summergarden Theatre, dating back to 1948, is also worth a visit.

Collinsville and surrounds, meanwhile, are home to a number of characterful old pubs including the heritage-listed Bowen River Hotel, which are great for getting to know the locals and hearing a few yarns over a counter lunch.

ROAD TRIP EXPLORE COLLINSVILLE IN A WEEKEND – AN OUTBACK HISTORICAL ADVENTURE

Situated at the foothills of the Clarke Range, the historic mining town of Collinsville is about a 45-minute drive inland from Bowen through fields of colourful fruit and vegetables and cattle stations. It is a small outback town that makes up for its size with its huge country welcome!

Here's our Top 8 Things to Do:

- Drop into the Collinsville Information Centre at the RV-friendly showgrounds and chat to the friendly staff for the latest information and tips. There is room to leave your caravan here while you explore the town.
- Whether you're hankering for a hot pie or a hearty big breakfast, Collinsville has an array of breakfast options on offer.
- Stop at the park on Sonoma Street to take in the Pit Pony Experience. Centred around a life-size bronze sculpture, the project celebrates the lives of Australia's last working mine pit ponies.
- Head to the Coalface Experience, on Railway Road, a celebration of the town's mining history and a fascinating look at life underground for the many miners who worked there. With interactive displays, historical records, audio-visual exhibits and theatrettes, allow 1–2 hours.
- While in town, look for the various 'selfie walls' where you can photograph yourself alongside paintings of the much-loved pit ponies.
- Explore Stanley Street and Scottville Road for shopping and places to eat.
- Before leaving Collinsville, take the Mt Coolon Road heading out of town and check out the scale of the coal mines beside the road before arriving at the Bowen River – once you cross the river you can turn to the left and follow a dirt road 10kms to the Bowen River Weir – great for fishing!
- After seeing the Bowen River, head back through Collinsville and turn left onto Strathmore Road. Thirty minutes along this unsealed road is the historic Bowen River Hotel. Originally built as a homestead in 1862, the hotel is steeped in history and has a couple of spooky stories to tell.

Further west along Shute Harbour Road turn left into Conway Road and after about 20 minutes you arrive at Conway Beach, a beautiful windswept promontory where birds circle overhead.

Stop for a rest and bite to eat at Conway Beach. It's then time for a dip in a gorgeous, freshwater swimming hole. Cedar Creek Falls is back along the Conway Road (follow the signs) and it really is an insta-moment when you see the cascading waterfall crashing over the rocks into the water below.

Explore Bowen in one day!

BOWEN IS A SURPRISING TOWN WITH SO MUCH TO DO...BUT YOU HAVE TO KNOW WHERE TO LOOK! EXPLORE ONE OF NORTH QUEENSLAND'S MOST CHARMING HIDDEN GEMS WITH THIS ONE-DAY ITINERARY.

BREAKFAST: Start the morning off with the most important meal of the day. A scrumptious breakfast at one of the many cafés in the area will satisfy the appetite while you soak up the great surrounding ambience.

HIT THE BEACH TRAIL: Bowen sits on a square peninsula and is surrounded by eight beautiful beaches to the north, east and south. Walk and fossick along the endless sands of Kings Beach or Queens Beach; or swim and snorkel in picturesque bays flanked by granite boulders. Some fringing coral reefs are just metres from the beach. Horseshoe Bay and Rose Bay are top spots for snorkelling and are also great for the whole family.

TURTLE TIME: Bowen's Jetty, off Front Beach, was built in 1867 and stretches 750 metres into the Coral Sea. You can take a stroll along this piece of living history, which has seen cargo loaded on and off ships for many years but is now used mainly for fishing. And if you're lucky, turtles will pop up to say hello!

ICONIC: Go back in time during lunch by stopping in to the great historic pub in Bowen which featured prominently in the movie *Australia*, starring Hugh Jackman and Nicole Kidman.

HISTORY TOUR: Bowen was established in 1861 and the still-operating salt

works attests to its being at the centre of Queensland's salt industry in the 20th century. Be sure to visit Bowen Historical Society & Museum, on Gordon Street, and also the Catalina museum and memorial, which celebrates the brave pilots who used Bowen as a base in World War II.

INSTA-MOMENT: Head up to Flagstaff Hill for absolutely spectacular views of Cape Edgecumbe Bay, the North Island Lighthouse and Whitsunday Islands. Then turn around in the opposite direction and the whole of Bowen and its surrounds are spread out before you, as far as the eye can see. This is one spot you won't want to be without a camera!

QUIET TIME: Relax at Muller's Lagoon – 23 hectares of pretty parkland with a superb botanical garden and wetland habitat. Take a well-earned break in the shady picnic area – there are free BBQs and a playground – and use the helpful display boards to help you spot some of the 170 bird species that call the lagoon home.

DINNER: By now you will have worked up an appetite so why not head to the marina where there is an array of delicious seafood on offer. Eat your fish and chip supper while looking out at the tinkling boats moored up for the evening.

BREAKFAST: Stop at one of the enticing cafés along the main street of Proserpine, which is characterised by beautiful Art Deco and heritage buildings (Tip: look up!). Or grab a snack from one of the bakeries and enjoy the tranquillity of Pioneer Park at the end of the main street where the world is blotted out by the bird noises.

THERAPY: It's time to hit the shops and one of the great things about Proserpine is its range of quirky and eclectic shops selling all manner of things. Peruse the tiny back streets as well as Main Street for a colourful array of jewellery, clothing, shoes, handbags, babywear, homewares, garden items and cookware, amongst other things.

HISTORICAL: Dating back to the 1870s, Proserpine is a history buff's dream-come-true and a visit to the Proserpine Museum is a must. The museum houses fascinating displays about the town's heritage – its people and industries over the years. As well as a thriving cane industry, Proserpine also experienced its very own 'Gold Rush'!

LUNCH: Wow what a morning! After all that, it's time for some tucker. Why not take in a counter lunch with the locals at one of the many pubs lining the main street, all with their own distinct feel and character. Enjoy great food while you listen to the locals spin a yarn or two, and experience old-fashioned country hospitality.

AFTER LUNCH: Head to Lake Proserpine, 26kms inland from Proserpine (also known as Peter Faust Dam). Passing fields of cane and other crops you arrive at the massive dam, which was built in 1990 to provide the town's water needs. It also offers excellent recreational fishing – it is considered one of Australia's premier barramundi impoundments – and has shaded barbecue facilities. Whether it's food or fishing you're after, it's a beautiful spot to spend the afternoon.

AS YOU DRIVE BACK: As you drive back towards Proserpine, savour the stunning views as the sun spreads its golden glow over the valley, and you understand why this little town is called Proserpine, after the goddess of fertility.

Prosperous Proserpine packs a punch!

EXPLORE PROSERPINE IN A DAY WITH THIS HANDY ITINERARY AND REALLY MAKE THE MOST OF THIS PRETTY COUNTRY TOWN NAMED AFTER 'PROSERPINIA', THE GREEK GODDESS OF FERTILITY.

PHOTO OPP: Proserpine sits in a fertile basin dominated by swaying sugar cane fields and the sugar mill still looms over the town. Swing by the mill on your way into Proserpine for a great photo opportunity with the 62 metre high towers behind you, spewing out their steam as they process about 1.5 million tonnes of cane each year.

Next, follow the path up a steep incline to Mother Beddock and views across to Gloucester Island and down to Rose Bay.
