Temporary Earthquake Tourism Map

February/March 2025

As Vanuatu continues its speedy recovery from the Port Vila earthquake experience before Christmas, a number of businesses have relocated to new trading premises. We hope this temporary map, in addition to the HotSpots maps, will help you explore Port Vila and surrounds. The HotSpots maps provide more details about businesses including contacts and services provided. New locations for businesses, tour company departure points, mama's markets, Vanuatu Made products, closed areas and road closures are all marked on this map.

This temporary map will be updated regularly so please make sure you have the most up to date version. Please refer to the date in the top right hand corner.

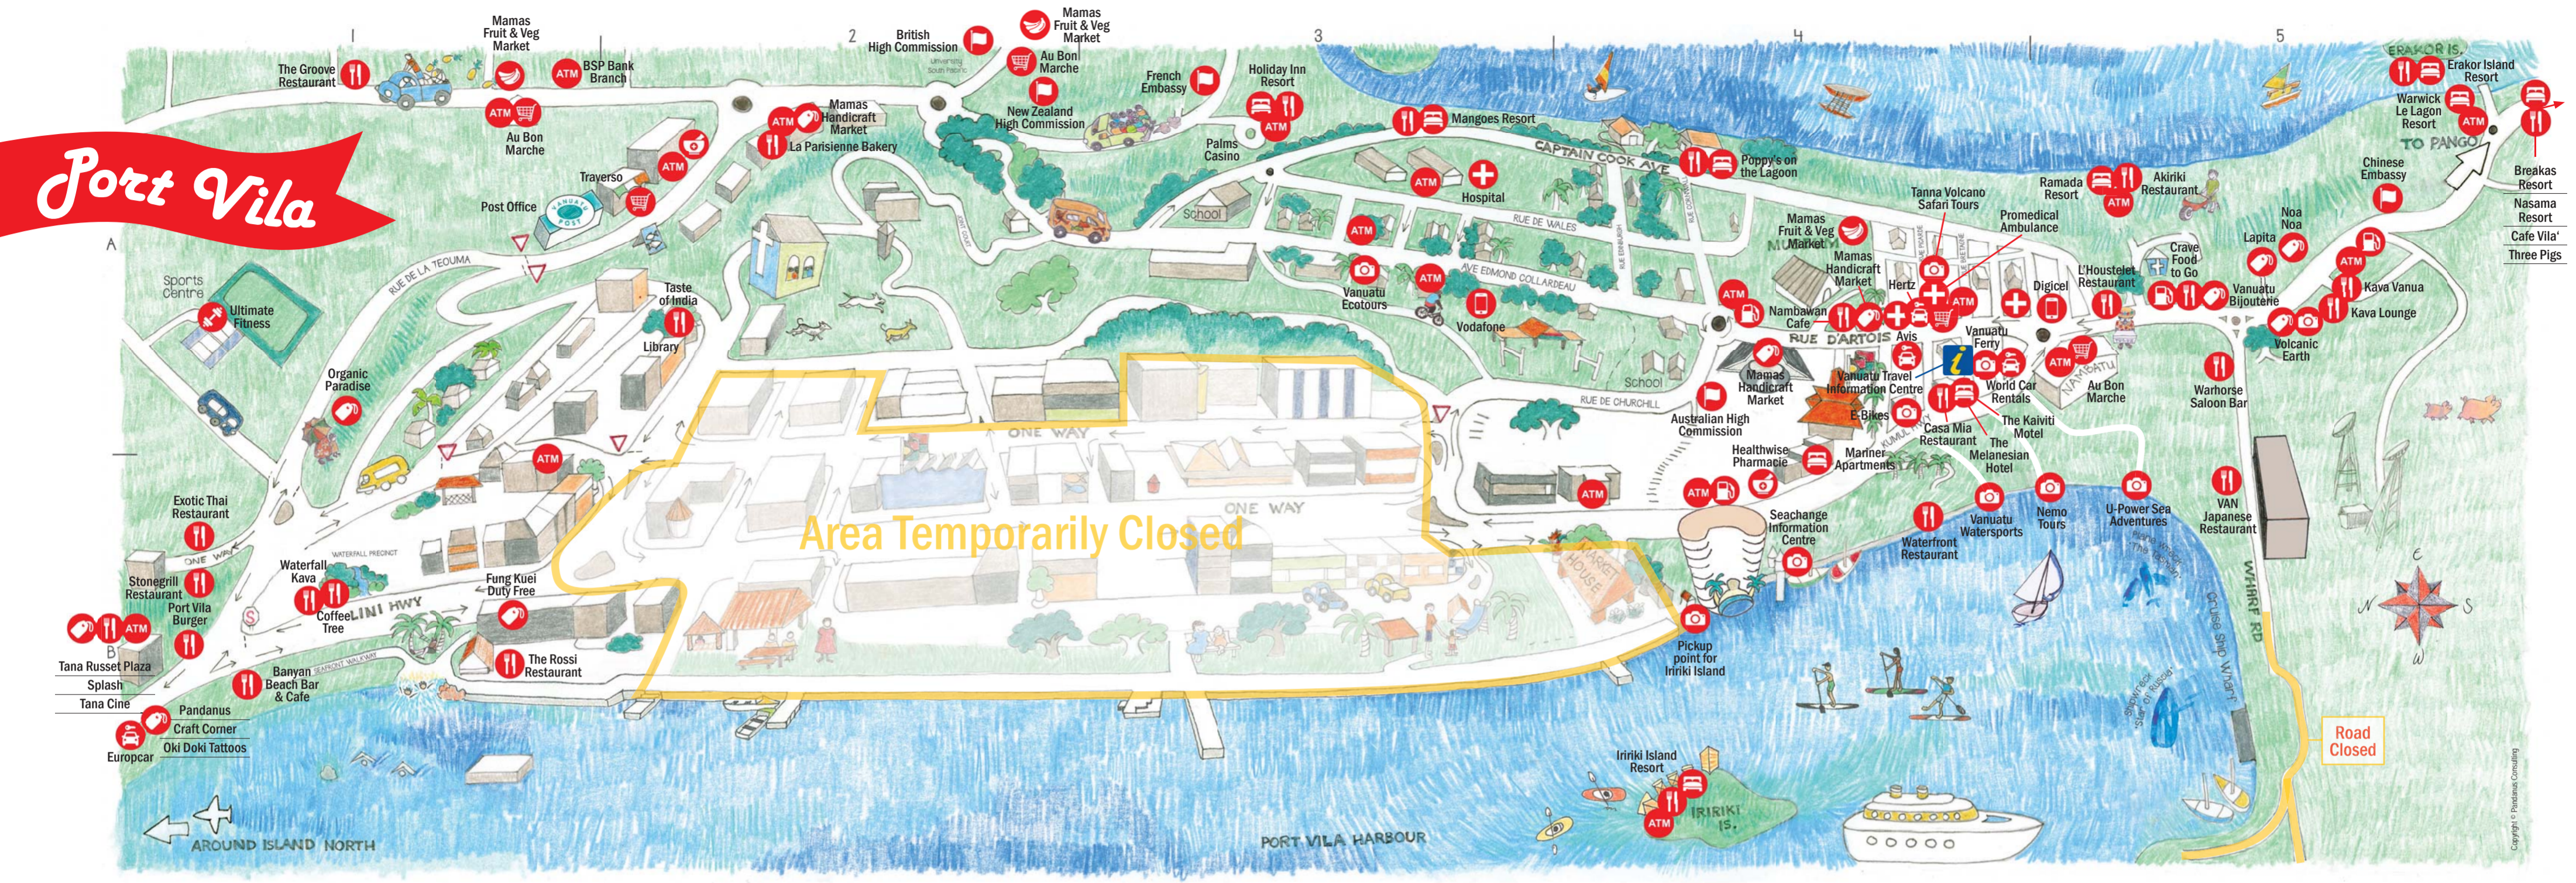

New roads are being opened all the time and tourism businesses are re-opening their doors in new locations. Over 80% of tourism businesses are open for business and visitors have been enjoying their holidays in Vanuatu ever since. We hope you have a great time as well.
