THE CALL OF  
*Vanuatu*

For centuries, the Nabanga has been a symbol of community, life and protection. That's why it lends its name to our nationwide pledge to work together to keep each other Covid-safe, protecting all who live, work or travel in this beautiful country.

We promise to keep you safe by following safe Covid-19 guidelines. By taking this pledge, you promise to follow all health protocols during your stay in our communities. You do not have to sign this pledge to visit, but by taking a moment to reflect on our promise to you, we hope you will stand with us in keeping each other Covid-safe, arriving as a guest and leaving as a friend.
