A group of five people are hiking up a rocky, moss-covered trail in a dense forest. The trail is composed of large, flat stones and is surrounded by lush greenery, including ferns and tall trees. The hikers are dressed in casual outdoor attire, and the scene is captured in a cinematic style with soft lighting. Scenic World Blue Mountains

No trip to the region is complete without a visit to Scenic World, the must-see tourist attraction perched on the escarpment overlooking the Jamison Valley, which has been attracting visitors for more than 75 years.

Best known for its iconic Scenic Railway—the world's steepest—visitors can catch their breath while travelling at 52 degrees and enjoy endless views suspended in mid-air on the Scenic Skyway. See the Three Sisters from a new perspective on the Scenic Cableway and disconnect from the devices among ancient rainforest as you stroll along the Scenic Walkway.

The natural beauty of the Blue Mountains speaks for itself, but Scenic World's stunning spaces and exclusive conference experiences make it a one-stop destination for incentive groups.

Regular tours are held away from city lights at Wentworth Falls Picnic Area, with a dramatic backdrop of the Jamison Valley and accompanied by the sound of local wildlife and distant waterfalls.

Nepean Belle

Cruising on the Nepean Belle Paddlewheeler offers a unique way to experience the natural wonders of the Australian landscape. Cruising leisurely along the Nepean River in the foothills of the Blue Mountains into the majestic and unspoiled 50 million year-old Nepean Gorge, you'll forget you are a mere 45 minute drive from Sydney's CBD.

'The Belle,' as it is affectionately known, has been cruising this part of the world for nearly 40 years, with the family-run business helmed by Captain Chris, who you'll often find in the wheelhouse. Captain Chris has an intimate knowledge of the area, the Nepean River and the Nepean Gorge and is happy to chat to passengers. He may even give you a turn at the wheel!

Located just minutes from the M4 motorway, this is the perfect way to start or end your Blue Mountains conference, with convenient mini-bus and coach access.
