

Connecting Communities Information Day

FREE

Registration Form

Date: Tuesday 27th October 2020 | Time: 10.00am - 2.00pm

Venue: Arthur Titley Centre, 101-105 Mosman Street, Charters Towers QLD 4820

As part of a funded project through the 2018 – 2020 NDIA – Information, Linkages and Capacity Building (ILC)- ILC National Readiness Grants program, a diverse range of representatives from the Charters Towers community have been working to compile resources in various formats – including, paper & online directories, to improve access to information about supports and services.

To launch the directories and website an information sharing day is planned – Connecting Communities. This will be a great opportunity to showcase your organization/group and share with the community what you can offer. We would like to invite your organization/group to be involved on the day.

Spaces Limited – Register Now! Pre-booking is essential

Please print or type and complete all relevant sections.

Title: _____ First Name: _____ Surname: _____
Organisation: _____ Position (if applicable): _____
Postal Address: _____
Suburb: _____ Postcode: _____ Telephone: _____
Email address: _____ Mobile: _____

Please select preferred option:

I will be attending on the day and need a table (Set-up is 9.00am, to be ready by 10.00am)

* A member of the 'Working Party' will confirm the available resources /spaces when confirming your attendance

I will not be attending on the day, but would like to supply information for a table

Facility information:

Each registered Organisation/Group will have space for a pull-up banner and access to 1x table and 2x chairs

(Please note: There is no power at the tables or boards available behind the tables for promotional material)

Interactive Activities: We are seeking interaction at the stalls. This may be in the form of – activities, games, displays or demonstrations – we are open to ideas! We want to encourage participation so that people will learn more about the services/activities that you offer.

Please provide an overview of the planned interactive activities for your stall?

What resources / spaces do you need to run the activity/activities?
