# ARGYLE HOMESTEAD MUSEUM

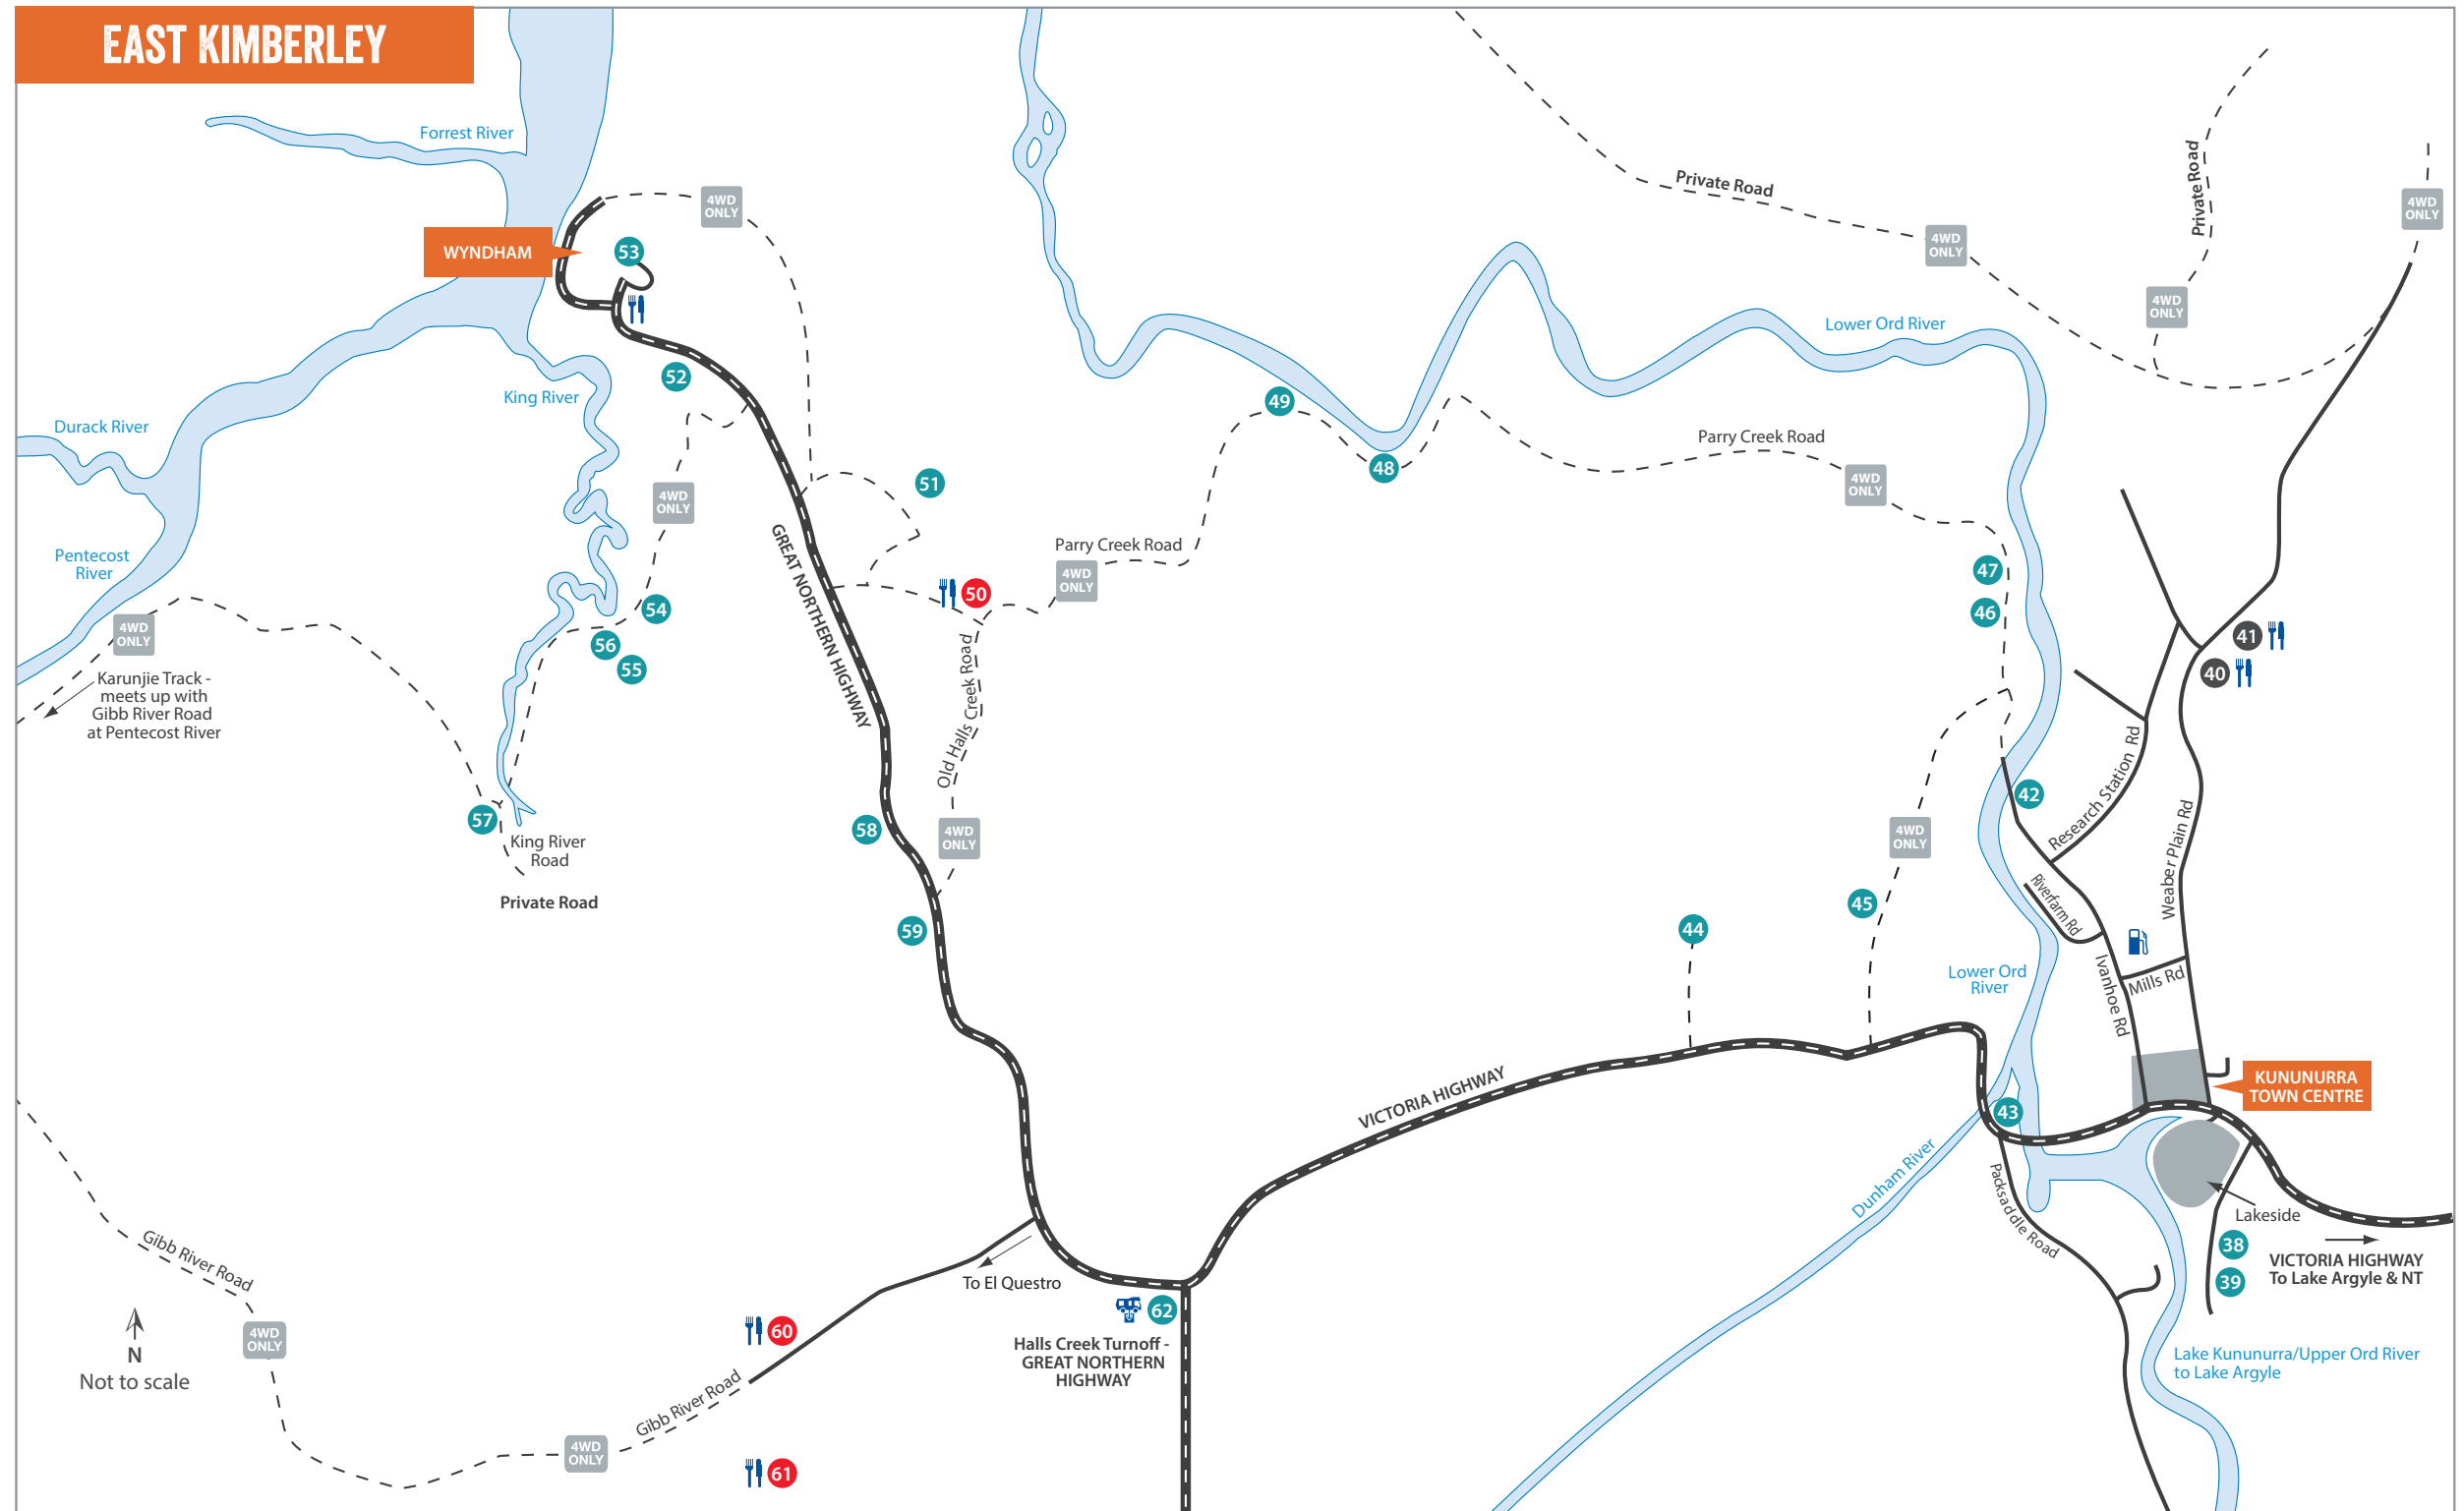

argylehomesteadmuseum.com.au

The Duracks were the first European settlers in the East Kimberley, having trekked from Queensland with their cattle for 2 1/2 years. The Homestead, built in the 1890s, is a superb testimony to their pioneering spirit, and is now run as a Museum by the Kununurra Visitor Centre. Take time to look at the displays, artefacts and photographs and imagine life for these early families. Enjoy a coffee and a scone in the peaceful grounds and pick up a souvenir from your time at this historic building. Open 8 am to 4 pm every day between April to September. You can find the museum at number 64 on the map.
