Welcome to our "little" part of the World!

A relaxing short drive from Adelaide, there are many hidden treasures in this special part of Yorke Peninsula. The Mediterranean climate with mild winters and hot, dry summers provides the perfect backdrop to enjoy the spectacular coastal landscapes and indulge in fresh catch from the pristine ocean. You can truly smell the salty sea breeze - with water on three sides, you are never more than 25km from the ocean at any point. Diverse beaches range from sheltered coves to crashing surf waves, deserted stretches of sand to a beachcomber's delight and they beckon in every direction.

Prior to European settlement around 1840, Yorke Peninsula was the home to the Narungga people. Today their descendants still live on Yorke Peninsula, supported by the Narungga Aboriginal Progress Association in Maitland, and in the community at Point Pearce.

If you're bringing the family, it's worth checking out one of the many local events. Regular markets feature in many towns and unique 'Peninsula events' such as the Curramulka Speed Shear and Yorkes Classic Surfing Competition can be found nowhere else.

Perhaps you are one of our increasing number of "grey nomad" visitors? Check out the many free (or at least inexpensive) places to park the van, get out the deck chair and relax. Information on camping areas can be found at local tourist outlets. Dump points and toilets also abound, contact local council offices for locations and check out the map included in this publication. Famous for its agricultural industry, Yorke Peninsula is a major producer of wheat, barley, lentils and canola. Historically these crops were sent out by sea because there are no rail services. As a fortuitous result for holiday makers most coastal towns on the peninsula have substantial jetties. Keen anglers know there's a huge variety of fish just begging to be caught in the unspoiled waters that surround the' Leg'. Beach, boat or jetty, you are spoiled for choice.

Local towns provide needed facilities and a uniquely local shopping experience. There's many community events on the calendar (check out the Annual Events listing on page 12). What better chance to mix with the locals before kicking back at one of our many quality eateries?

We're proud to say this Guide is truly local. Now in its 27th year of production, it is written and produced on Southern Yorke Peninsula by those who know the Peninsula best. We aim to provide an indispensable local guide to attractions, events and services in our region's many small towns. Don't go anywhere without it or you just may miss something fantastic!

If you're into travelling the web as well, you can't go past www. visityorkepeninsula.com.au, a site full of resources for planning your trip.

We hope you find our "Local" Guide equally as useful to help you relax and enjoy our "little part of the world".

Enjoy your stay and come back soon!

Wayne - Port Vincent Motel & Apartments

Wayne Hickman, joint owner of Port Vincent Motel and Apartments is a local who knows his stuff, with areat tips for visitors looking to enjoy life on the east coast of Yorke Peninsula. One suggestion is to head out and rake vourself up a feed of blue swimmer crabs.

"Either head out at low tide or catch them with nets off the wharf. Don't forget to wear sandshoes and also to use a crab measure to ensure legal size. Female crabs with eggs need to be put back in the water. Bring them back to the cabins, cook them up in the crab cooker and enjoy with a beer or wine under the pergola."

You can't beat the walking trails around the town as the perfect way to enjoy the views and serenity, according to Wayne. He recommends tackling sections of the 'Walk the Yorke' trail. Be sure to go prepared with sunscreen, hat and a water bottle.

On his rare time off, Wayne heads down the Main Street to grab a coffee. "Then check out the other local shops or wander down to the wharf to see what people are catching. Then it's time to sample mouth watering fish and chips. All you need is your taste buds."

The usually calm waters off of Port Vincent are ideal for all types of water activities, with options including fishing for squid, tommies and maybe even King George whiting.

"Fish can be cleaned back at the cabins," Wayne said. "There's nothing better than heading out in a kayak and bagging a squid."

Be sure to remember lifejackets and keep an eye on the weather conditions.

Josh - Marion Bay Tavern

On the "toe" of the Peninsula, in the small coastal town of Marion Bay, the local social hub is the Marion Bay Tavern, owned by Josh Harkin and his family.

Josh has plenty of ideas for some must do activities for those visiting the "Bottom End"

"You can't beat nearby Innes National Park. I love hitting Pondalowie Bay with the kids, taking out the boat or just bushwalking. The views are awesome across Kangaroo Island and the Althorp and Gambier Islands. When you first crest the road towards Chinaman's Beach you will see a view that I guarantee you will never forget."

Taking part in a fishing charter is also on Josh's list of favourite outings. "Whenever I get a chance, I'm out there, often on a fishing charter. There are some who depart from both Marion Bay or Pondalowie Bay,

For a great start to any morning, Josh recommends heading to the café just around the corner from the Tavern which makes it easy for him to get out and enjoy some quiet time.

"They have a great selection of breakfast ideas and its nice to start the day with a friendly chat with the owners.

While it's a half hour drive north, Josh is enthusiastic about the attractions of the local Warooka Golf Club.

"I really think this is the best value golf club in the world. Hilly, long, green and well maintained, for \$5 you can have a fantastic outing with friends.

"The club has held the State Sandgreen Titles and is supported by a areat committee of volunteers who really put back into their club in a bia way. Heading up to Warooka for a hit of golf in winter is one of my favourite ways to relax.'

Lyall - Barley Stacks Wines

Lyall Schulz and his staff, at Barley Stacks Wines, near Maitland, maintain the winery's cellar door 363 days a year. This provides an interesting set of challenges when it comes to taking a day off to spend time enjoying what the rest of what Yorke Peninsula has to offer.

"Normal weekends off are rare, but coastal beach walks and fishing are high on Brooklyn's list of things to do, while Tayla has an active fitness program which involves walking the dog, or in some cases the dog walking her!" Lyall said.

"Tayla also enjoys camping, with the peninsula offering plenty of opportunities to find the perfect spot to set up for a relaxing couple of days."

For Lyall, being a farmer involved with a winery adds an extra challenge, with time off rare indeed.

Often vou'll find him promoting his product at special events both here and in Adelaide, offering locals and visitors a chance to taste his award winning wines.

Recognising that tourism is a large part of the local economy the Barley Stacks team are happy to promote other local businesses and share some 'must see' activities with visitors dropping by the cellar door.

Innes National Park and any one of the region's beaches, they say, should be high on the list.

Their suggestions also include wandering down the road to Minlaton to check out Watsacowie Brewery, or Emoyeni Wines at Ardrossan, and visiting local pubs, cafes and restaurants to enjoy a meal.

Walk the Yorke

Covering more than 500 kilometres, Walk the Yorke offers the alorious outdoors and spectacular views along the stunning Yorke Peninsula coastline.

Meander through samphire flats and mangroves; wander through native vegetation, a haven for bird lovers; spot dolphins having fun playing in the water. The trail includes views from rugged cliffs, strolls along pristine beaches and through secluded coves, windswept sand dunes, and historic lighthouses. It even gives a peek into some of Australia's most productive farming land.

SHORT WALKS

Just a couple of hours from the city, Yorke Peninsula is a perfect place to unwind and soak up the relaxed country atmosphere. Enjoy a stroll along one of the shorter walks, taking in the spectacular scenery and feelina the salt air on vour face.

Innes National Park

The national park has six walking trails ranging in length from 15 minutes to four hours. They include Inneston Historic Walk (2km loop), Royston Head Walk (4km), Stenhouse Bay Lookout Walk (2km), Thomson-Pfitzner Plaster Trail Hike (3.8km one way), Gym Beach Hike (5.8km one way) and West Cape Headland Hike (1km loop).

Stansbury - Coastal Walking Trail Level of difficulty: Easy.

Distance: 1.2km one way (allow 25 min). 2.3km return (allow 45 min).

This walk offers areat views across Gulf St Vincent to the Adelaide Hills. The wheelchair accessible trail from the town jetty travels along the foreshore past the caravan park to the town cemetery. Black swans, pelicans and many other water birds can be seen wading in the shallows as the trail meanders along the beach. There are a number of interpretive signs situated along the trail with information about the many different species of birds

Looking south, the "Accolade II" can be seen sailing each day, carrying ore from Kleins Point Quarry for Adelaide Brighton Cement. The Port Giles jetty and silos also come into view.

To extend the walk, continue on from the town cemetery, another 2km return (allow 45 minutes) via beach or cliff top trail please note this section is not wheel-chair accessible. Magnificent elevated views of the coast can be seen from the cliff top, as the trail wanders through low scrub and natural grasses.

Coobowie to Edithburgh

Level of difficulty: Easy. Sealed trail accessible for mobility-impaired.

Distance: 6km one way (allow 1.5 hours),

12km return (allow 3 hours). To extend the walk, continue onto Sultana Point, following the fabulous nautical themed Mosaic Trail (another 4.2km one way, allow an additional 1 hour). The trail is suitable for walking or cycling, and meanders through natural bushland along the rugged coastline between Coobowie and Edithburgh. Stop at the Coobowie bird hide and see if you can spot the birds feeding in the estuary – a haven for many Australian and miaratory birds, including international shorebirds. Bird identification brochures are available at the Coobowie Caravan Park. Magnificent views of the coastline provide many photographic opportunities.

Port Clinton to Price

Level of difficulty: Easy. Compacted gravel trail.

Distance: 7.8km one way (allow 2 hours). 15.6km return (allow 4 hours).

The trail follows the majestic red cliff tops with views over Gulf St Vincent and mangrove forest, a significant site for shorebird conservation. The trail winds between coastal scrub and farmland before descending onto the flat behind the mangroves, where you may see wombats and their burrows. The trail then meanders alonaside the samphire salt marshes into Price, where some of the finest quality salt is produced.

Share your Photos

If you've had a chance to "Walk the Yorke", head to the Yorke Peninsula facebook page and share your photos. Be sure to include the hashtags #WalkTheYorke and #YorkePeninsula when vou share images of Walk The Yorke on social media, including Facebook, Instagram and Twitter.

Port Vincent - Northern Walking Trail

Level of difficulty: Easy-moderate. Natural surface and compacted gravel trail. Distance: 2.5km one way (allow 45 minutes). 5km return (allow 1.5 hours). Starting from the jetty in the centre of town, follow the trail north along the paved Port Vincent foreshore and up the gully steps to the top of the cliff. Stop at the town look out where you will see large granite boulders on the shoreline. These boulders, known as 'The Erratics', were deposited by glaciers during the last ice age. The walk continues along the clifftop winding through native vegetation to the Port Vincent Golf Course. Follow the walk past the club house and up the hill, where vou will be rewarded with magnificent views up and down the coast.

DAY WALKS

Recharge and devote the day to walking, choosing from clifftop paths and quiet beaches through to duneclimbing. The spectacular coastline will keep you company – you may even have a beach to yourself. This is an investment in body and soul.

Port Rickaby to Port Victoria

Level of difficulty: Easy. Not accessible for the mobile-impaired or prams.

Distance: 21.6km one way (allow 6 hours) Wide, long beaches form the majority of this section with shallow, crystal blue waters for as far as the eve can see. Half way to Port Victoria is beautiful Wauraltee Beach, a long stretch of white sand, and a very popular camping spot. As it gets closer to Port Victoria, the trail becomes a gravel path and joins the Port Victoria Geology Trail, making its way to the jetty and town centre. Leaflets on the Geology Trail are available from the foreshore kiosk.

Pine Point to Port Vincent Distance: 28.5km one way (allow 7.25 hours)

With beautiful views of Gulf St. Vincent, this section of the trail passes the wellknown Black Point, once a quarantine station where 50 people died of measles in just five days during the 19th century, Narunaga fish traps, the historic former grain port of Port Julia, the local's secret The Dipper, and Port Vincent lookout giving wonderful views of the bay.

Gym Beach to Formby Bay Level of difficulty: Moderate.

Distance: 9.6km one way (allow 3.5 hours), 19.2km return (allow 6.5 hours) Featuring magnificent surf breaks and quiet, secluded beaches, this 'goat-track' style trail negotiates native vegetation along clifftops, headlands and dunes, so keep your camera handy.

Kangaroo Island Look-out to Marion Bav

Level of difficulty: Moderate to hard (some short harder sections negotiating steep dunes).

Distance: 19.6km one way (allow 5.5 hours). This is a fabulous trail for the energetic as the trail follows cliff-tops and beaches, requiring some rock hopping and dune climbs, but you'll be amply rewarded with breathtaking scenery.

MULTI-DAY WALKS

Up for something more challenging? A night under the stars? Get your gear together for a multi-day trek and immerse vourself in nature.

Port Wakefield to Ardrossan

Distance: 60.6km one way Trek the Samphire Coast, through Clinton Conservation Park, a haven for migratory birds and a valuable fish nursery. Walk ancient Narunnga lands surrounding Tiddy Widdy, where for 40,000 years, Aboriginal people bartered with those of

surrounding regions, then past the vast salt evaporation ponds near Price. See the remains of historic Port Arthur jail, old horse trough and damming attempts by early settlers.

Marion Bay to Gleesons Landing Distance: 60.5km one way

This section of Walk the Yorke meanders through heritage bushlands of Innes National Park, so keep your eye out for the elusive Western Whip Bird, Mallee Fowl or Tammar Wallaby. Kangaroos and emus are commonly seen. Further up the coast, you'll find rugged cliffs, wide sandy beaches and the only National Surfing Reserve along Australia's southern coast.

Point Turton to Port Victoria

Distance: 63km one way

You'll find kilometre upon kilometre of beautiful white sandy beaches and clear blue water, dotted with historic ietties on this stretch. Keep a watch for cheeky dolphins, seals and occasionally, whales. You'll explore inland, behind massive dunes, where you'll see virgin scrublands supporting a diverse range of birds and wildlife. Pick up the Port Victoria Geology Trail on your way into the town and learn about its ancient formation.

TOWN WALKS

Maitland Historic Walk

Many of the fine colonial buildings from the 1880's form part of the Maitland History Trail.

Minlaton Walking Trail

Allow 1.5 hours for this easy 6km walk which starts at Yorke Peninsula Visitor Centre in the Main Street.

CYCLING

Walk the Yorke also caters for bike riders, with some shared trail and other sections rerouting to better cater for cyclists.

Edithburgh to Port Moorowie

Distance: 30.7km one way An easy ride with some rises and falls, you'll see the mosaic rock art between Edithburgh and Sultana Point and then join the Troubridge Scenic Drive, past the unique lighthouse and spectacular rugged cliffs and secluded beaches. Don't forget your camera, and you're likely to see kangaroos.

Port Victoria to Balgowan

Distance: 21.3km one way From the historic Port Victoria, last of the windiammer ports, wend you way through the low heathlands of Narungga Aboriginal Land. This area is home to a significant colony of the vulnerable southern hairy nosed wombat, so keep an eye out for them morning and late afternoon as they go about their business.

Walks in Innes National Park

Inneston Historic Walk

This popular trail takes you back to the early 1900's and the avpsum-mining erg. Interpretive signs tell the story of the closeknit community of Inneston. Beware of unstable ruins. The trail is found just inside the gate at the Inneston car park. Rated easy, and accessible to people of all ages and fitness levels, this walk will take 1 hour and is a 2km loop.

Stenhouse Bay Lookout Walk

Follow the cliff tops through low, closed coastal heath. The spectacular views over Investigator Strait and the offshore islands are among the best in the park. The walk starts at the Stenhouse Jetty car park. It's an easy walk, accessible to people of all ages and fitness levels. The walk takes 1 hour and is a 2km loop.

spectacular coastal landscapes, rugged cliffs and sandy beaches. There's ruins, shipwrecks and lighthouses to discover, with beaches and wildlife to enjoy. Located on the south-western tip of Yorke Peninsula, it's a favourite place for camping, fishing and surfing. Bushwalking is a great way to discover the park, with trails ranging from 30-minute strolls to fourhour treks. You'll spot an abundance of birds and animals while you catch some of the best coastal views in South Australia. Most of the park is accessible by 2WD, so it's perfect for day visits and a paradise for beach lovers.

Visit one of the lighthouses and the "Ethel" shipwreck to learn about the tumultuous maritime history of South Australia. Explore historic Inneston, an abandoned township surrounded by bushland.

Take a stroll from your campsite down to the beach for a spot of fishing, or base yourself in one of the restored heritage cottages dotted throughout Inneston.

Fishing

Go surf fishing on the beach or cast your line from the Stenhouse Bay jetty. Browns Beach is one of South Australia's best salmon fishing areas, while elsewhere in the park you may catch squid, mullet, tommy ruffs, garfish, sweep, mulloway and whiting.

The bays and coastline around Innes National Park form part of the Southern Spencer Gulf Marine Park. The Chinaman's Hat Sanctuary Zone protects a section of spectacular coastline and rich marine habitat between Stenhouse Bay and Cable Bay, Fishing is not allowed in the sanctuary zone, with the exception of a shore based recreational line fishing exemption on Chinaman's beach (136° 54.918' E to 136° 55.289' E). Visit the marine parks website to find out more about local marine parks including where fishing is allowed.

When to visit

Summer is warm and dry, great for camping and perfect for the beach. Autumn is cooler and best suited to bushwalking and sightseeing. In spring you'll be rewarded with a park in magnificent colour as the wildflowers bloom. Winter transforms the park into a fresh green landscape, with wild seas and large surf. Innes National Park is open 24 hours a day, seven days a week. The park may be closed on days of extreme fire danger.

Fees

Fees apply to enter and camp in the park. Entry, camping, accommodation bookings and payments can be made via the Parks website www.parks.sa.gov. au, phoning the Natural Resource Centres in Clare (8841 3400) and the park (88543200), or in person via the self-serve computer at Innes National Park Natural Resource Centre.

More information including bookings and payments is available at Yorke Peninsula Visitor Centre, Minlaton; phone 1800202445 or visit our website www.visityorkepeninsula.com.au

Wildlife

Innes National Park is a haven for birdlife. The Hooded Plover, a threatened species in South Australia, nests on beaches across the park and the population of Mallee Fowl, another endangered species, is on the rise. White Bellied Sea Eagles breed on the cliffs and can be seen along the whole of the coast as they hunt.

Once widespread across the Yorke Peninsula, the Tammar Wallaby became extinct on the Australian mainland by the 1920's. They were reintroduced to Australia, and to Innes National Park, in 2004. The park now boasts a growing population of healthy Tammar Wallabies. In winter months, you might catch a glimpse of Southern Right whales from the cliff tops at Stenhouse Bay or Cape Spencer. Dolphins frequent the coastal waters and seals and sea-lions occasionally haul up on the beaches.

Traditional Owners

The Narungga people have lived on Yorke Peninsula for many thousands of years and know the land intimately - its physical features, animal and plant life and water resources. Today, the Narungga people continue to maintain strong cultural links to the region.

Surfing

Surfing is a popular activity at Innes National Park. The Yorkes Classic, one of South Australia's most prestigious surfing events, is held in the park every October long weekend. Pondalowie Bay offers long and consistent waves, while Chinaman's Beach has a powerful left hand break with a larger swell suited to experienced surfers only.

Scuba Divina

Twenty-two ships have been wrecked along the coast between Edithburgh and Innes National Park, with six ships meeting their fate near Althorpe Island. Today, you can scuba dive to explore the remnants of some of these underwater time capsules in the Southern Spencer Gulf Marine Park.

Camping and Accommodation

There are two large campgrounds in Innes National Park, at Stenhouse Bay and Pondalowie. Both are suitable for caravans, camper trailers and tent camping. Innes also boasts five smaller campgrounds in idyllic surrounds, either next to a beach or nestled among native vegetation.

The park can also be enjoyed from the comfort of self-contained accommodation ranging from a singleroomed hut at Shell Beach to a large hall at Stenhouse Bay. Dotted among the mallee and stone ruins of the Inneston historic township are several restored and renovated buildings where you can wake up to wildlife on your doorstep!

Gym Beach Hike

A diverse hike through the unique flora and high sand dune areas between Browns Beach and Gym Beach, this moderate hike is suitable for walkers with an average level of fitness. You may see a variety of birdlife and native orchids as you pass through the dense mallee vegetation. Access to the trail is from either of the campgrounds at Gym Beach and Browns Beach. It can be taken in either direction. It will take you four hours to complete the 11km return walk.

Royston Head Hike

You'll have amazing views of the rugged peninsula coast from the lookout point on the cliffs at Royston Head. Starting at the Royston Head car park, along the road to Dolphin Beach, this moderate hike is suitable for walkers with an average level of fitness. It's a 2 hour walk of 4km return.

Drop a line

The pristine coastal waters surrounding Central and Southern Yorke Peninsula are renowned for great fishing, where even inexperienced fishers are able to take home a delicious fresh catch from the ocean. It's all here, just drop a line in from the jetty, a beach, some rocks or a boat. There's no problem finding a great fishing spot on the Yorke Peninsula

It's not all about fish with fins either, squid is readily available, with large populations of southern calamari living in Gulf St. Vincent and Spencer Gulf. Blue swimmer crabs inhabit the shallow waters of the east coast, particularly between Ardrossan and Stansbury (September to April). Pine Point is another favourite wading area for those raking up a catch. Make sure you keep a crab measuring gauge handy to ensure you only take those over the legal minimum size of 11 centimetres.

The best location for raking Blueys seems to be around Billy Goat Flat, which becomes totally exposed around low tide. With a lot of rubble and rock on the flat, fringed with sand and weed, it's the perfect location. Optimum time to be out there with tub and rake is just after the tide turns to come in, when the crabs are mostly buried, but quite

easy to detect. Simply follow the tide back in as it floods, and look for those tell-tale grey mounds in the sand that often signal a crab in residence. Pack a bucket and rake or a net, and get out there.

As with all catches from the ocean, please always observe bag and size limits and season closures if applicable (such as for snapper and King George whiting).

Catching a fish is as simple as casting a line off the local ietty or from the beach. King George whiting, garfish, tommy ruff (Australian herring), mullet, snook, flathead, Australian salmon and salmon trout are all out there just waiting to be caught!

The southern beaches near Marion Bay feature some of the best fishing in South Australia. Large mulloway can be caught, as can school and gummy sharks. When in doubt, just ask a local.

Please note there have been some recent changes with bag limits and the size for King George Whiting; 10 per person instead of 12 and a boat limit of 30. The legal catch size is now 32cm in most SA waters. There is also a spawning closure for King George whiting during May for parts of SYP waters. There has also been changes to size and bag limits for many other species, so please visit www.pir.sa.gov.au for more information.

Surf's up on Yorkes

The "Bottom End" of Yorke Peninsula has a well deserved reputation as one of Australia's top surfing areas, boasting coastline on all points of the compass. There is a range of excellent locations to hit the waves, depending on your experience. Major surf competitions are held around the south-west coast throughout the year. Some areas are not for the faint hearted though; beginners of all ages should take heed of the potentially dangerous nature of some of the surf conditions, including rips, heavy surf and undertow. While many dangerous areas are signposted, we urge caution when heading out into any ocean.

Growing numbers of young local people interested in surfing has led to the formation of Yorke's Junior Surf Club. Formed in 2010 with the aim of encouraging and supporting young local kids and families to discover the wonderful journey of surfing on the Yorke Peninsula, qualified surf coaches and parents help juniors build surf safety and surf skills from beginner levels to more advanced. The club holds an annual

state level junior surf contest, the "Berry Bay Surf Jam" which attracts competitors from far afield, competing in the surf at Berry Bay, near Corny Point.

A group of active locals who share a passion for the coastal environment formed the Formby Bay Environmental Action Group (FBEAG). Over five years, and with the help of local school students, the group has seen 3,000 plants put in place along the sand dunes at the Formby Bay cliff top. Many of these plants were grown by the group in their own shade houses situated at Corny Point.

It's often wise to seek advice offered by knowledgeable locals regarding surf conditions which change constantly. A general guide to the top spots is, medium surf indicates waves of two metres or more, heavy surf indicates waves above two metres and the danger of strong rips or undercurrents. Popular "Bottom End" surf spots include Berry Bay, Daly Head, Dust Hole, Trespassers, Chinaman's, West Cape and Pondalowie Bay. Enjoy, but take care!

Your alarm clock is the sound of crashing waves and birdsong. Breakfast is fresh fish, just waiting to be caught. Welcome to camping on Yorke Peninsula.

Yorke Peninsula Council offers a broad array of coastal camping sites, located at some of the most beautiful scenic coastal areas. While facilities are limited at these campsites, they are close to beaches and fishing spots. The beaches offer all you could hope for ... quiet strolls, relaxation and fishing, nestled in amongst Yorke Peninsula's scenic natural environment. Walkers will find a wide range of bush walks, cliff top and shoreline rambles as well as unique geology trails across the region - with a wonderful array of birdlife, history and heritage. Bring a telescope too because the night sky is amazing.

There are many secluded spots to camp on Yorke Peninsula, with 19 sites designated as campgrounds by the Yorke Peninsula Council. A permit covers all campgrounds, and applies per vehicle. The cost for a permit is \$10 per night, \$50 per week (5-7 nights), \$150 per month (28 nights), or \$500 per year, with generous discounts for local rate payers. This permit does NOT cover Innes National Park.

There are several ways to obtain your permit. They can be purchased online at www.visityorkepeninsula.com.au or at Council offices in Maitland, Minlaton and Yorketown during business hours. Visitor information providers are found in most towns and have public use computers available. They are also a valuable source of information about the different camparounds. If you need assistance, please call 1800 202 445.

Campsites are filled on a first-come, firstserved basis, and you need to be selfsufficient, bringing your own firewood, water and toilet facilities. Never collect firewood or kindling from the area - even dead branches are protected as they provide a home for our native animals and birds. All rubbish must be taken with you when you leave, with rubbish bins provided in nearby towns.

The Gap, Parara, Port Minlacowie, Burners Beach, Daly Head and Gleesons Landing camping areas have toilet facilities. Gleesons Landing also has a water pump available for bathing and washing, however the water is not fit for drinking.

Campers should ensure they are aware of fire regulations and any bans in place. Check the CFS web site for updates www.cfs.sa.gov.au.

Dogs are welcome in the campgrounds and on beaches, but must be kept on a lead or under effective control at all times.

Campfires are permitted in bush camping areas, provided they are in a properly constructed fireplace or use a portable cooking appliance. When building your campfire, try to use a site that's already been constructed, otherwise dig a 30 cm deep trench not more than a metre square in area. Keep a four metre space cleared around and above the fire. Ensure a responsible person is in attendance at all times, and NEVER leave a campfire unattended.

Camping Manners

- you for it!
- and the next as the situation allows

When you leave the area or go to bed, ensure the fire is extinguished. Put your camp fire out with a good amount of water, not sand or dirt – if you use sand or dirt it will still be very hot for more than eight hours – if you use water, it will be less than 50°c in ten minutes.

More information on campgrounds can be found at www.visityorkepeninsula.com.au/ camping

These are just a few of the top camping rules and we're sure there are many more. Generally the idea is just use your common sense, and you will have a fantastic experience on your camping trip. And most of all, your fellow campers will thank

Don't camp close to other campers - leave as much space between your camp

Generators - running them all hours of the night is very inconsiderate, as is going out during the day and leaving them running unattended for everyone else to listen to Do not walk through other people's campsites

Leave no trace of your visit – take your rubbish with you, don't throw anything in the fire that won't completely burn away and leave the campsite spotless - or risk receiving a \$315.00 explation notice for littering from our council's ranger

IN Where pets are allowed, ensure they are controlled - your dog may be your best friend, but that doesn't mean it will be welcome in anyone elses camp!

🖙 Be friendly to everyone you come across – don't become an unwanted guest who hangs around and doesn't know when it's time to return to their own campsite

If a campsite has facilities, please leave them clean and tidy

Don't chop down any trees or collect firewood at the site - firewood is available for purchase at various places around the Peninsula

Yorke Peninsula is home to a busy calendar of community events. Country shows are a regular fixture on the calendar at Maitland and Minlaton while those drawn to the coast will find various activities from the Port Vincent Gala Dav on New Years Day to the annual surfing competitions held around the "Bottom End".

Ardrossan

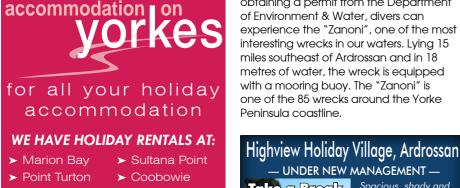

Ardrossan, situated on the east coast of the Yorke Peninsula atop imposing red clay cliffs, is an easy 90 minute drive from Adelaide. Safe swimming beaches and ample fishing options make this picturesque location the perfect family holiday destination.

A thriving seg port and centre for agriculture, the area is serviced by a huge grain facility capable of storing up to 420,000 tonnes of grain. The port also has extensive facilities for shipping locally mined dolomite. Situated just west of the town, is a lookout with spectacular views of Gulf St. Vincent, mining operations and surrounding agricultural areas.

The cliff top lookout at the end of the main shopping street, has a modern shaded playaround, gazebo, free BBQ facilities and an example of a Smith's "Stump Jump Plough", an important

aaricultural implement developed locally during the 19th century.

Ardrossan has two excellent caravan parks, in picturesque settings, and has many other accommodation options for travellers

Arthurton

This small inland town was once part of Yorke Peninsula's main thoroughfare until the sealing of the coast road in 1962.

It was to the north of Arthurton, in the 1800's, that the Smith brothers designed their famous "Stump Jump Plough", a revolution to farmers of that era. The hills in this area are the highest point of the Peninsula (897 feet above sea level).

For a small town, Arthurton boasts a proud and active community through the local Progress Association. The well kept oval and netball courts, which feature modern clubrooms, are managed by the Arthurton War Memorial Sports Club Inc. Arthurton also has a, BBQ area, overnight camping area, playground, town hall and a hotel for meals and refreshments.

Balgowan

The small coastal town of Balgowan, is chiefly a holiday destination.

The town has a kiosk for supplies and a small camping ground offering caravan, motorhome, tent and swag sites. It boasts a clean, renovated ablution block, disabled toilet, playground, free laundry, free electric barbecue facilities, outdoor showers and new playground equipment, all overlooking the bay and magnificent cliffs. Apart from beach launching, there is a boat ramp and small breakwater.

During summer a pontoon is moored off the South Beach for swimmers, and is also used for annual swimming lessons. If you feel like stretching your legs, there is a 1.3km unrestricted cliff-top Memorial Walk from Balgowan towards Tiparra. A popular fishing spot, Balgowan is known for squid, tommies, garfish, mullet and whiting.

A popular holiday destination, Black Point lies on a spectacular stretch of north facing sandy beach 5kms south of Pine Point with numerous holiday homes. There is a rustic caravan and camping ground and bookings can be made at the Pine Point Caravan Park. A boat ramp is available for use which incurs a boat launching fee.

On the foreshore you'll find a fantastic sea-side playground, which includes electric barbecues and a sheltered area for picnics. A walking trail along the coast to Edithburgh, takes in beautiful views of Gulf St. Vincent and abundant bird life. While on the trail, perhaps stop in at the bird hide located on the left side of the causeway heading towards Edithburgh.

Corny Point

Corny Point is within a comfortable three hour drive from Adelaide.

One of Corny Point's landmarks is its lighthouse, built in 1881 to protect the south-bound windjammers from the dangers of Webb Rock and the reefs and shoals off Berry Bay and Dalv Heads.

Corny Point is a base for great surf and boat fishing, and boasts beautiful safe north-facing swimming beaches and bays for the family. Just 15 minutes drive away and surfers can discover some of the best surfing spots in South Australia. An historical story board trail consisting of eight stories of aspects of community life over the years has been created around the town. An extensive historical photographic display has also been created at the Dunn Point BBQ area. A modern playground exists near the Memorial Hall and don't miss the recently refurbished seascape mural on the public toilets near the memorial garden. It is possible to inspect, by appointment, the award winning indigenous plant nursery established by the Formby Bay Environmental Action Group.

The caravan park has cabins, units and a cottage, with additional local rental accommodation available in the town. Corny Point also has a picnic area with electric barbecues, tennis courts and a tavern for your dining needs. A small store also offers general supplies.

Berry Bay Scenic Drive

The scenic drive from Corny Point to Berry Bay has several spectacular view points. Berry Bay has long expanses of beautiful white sandy beaches and rocky outcrops and is the regular meeting spot for the Yorkes Junior Surf Club. Two boardwalks, with plenty of available parking make access to the beach easy for all ages. New toilet facilities have been established at Berry Bay North and South. Gleeson's Landing is great for camping and caravanning and has beach launching. The Daly Heads and Dust Hole beaches offer miles of beautiful white sand, making them very popular with beachcombers and perfect for surfers and sand-boarders.

OUR TOWNS | Corny Point - Curramulka

Curramulka

Curramulka is a pleasant, relaxing place to live or to visit, with its historic churches and buildings, war veteran's memorial and sporting facilities.

The town boasts a general store, community club and a hotel. Curramulka is unique in that it has two extensive limestone caves on its northern outskirts. They have been explored by cavers in the past, but are not accessible to the public

A large sporting community is one thing that the town is very proud of, and is home to bowls, netball, basketball, tennis, cricket, football and golf clubs.

Crowds flock to the annual Curramulka Speedshear where some of the state's fastest shearers compete for thousands of dollars in prize money. Sponsored by many local businesses, the 2019 Hanson Curramulka Speedshear will be held in March at the Curramulka Oval. A great day out for the whole family.

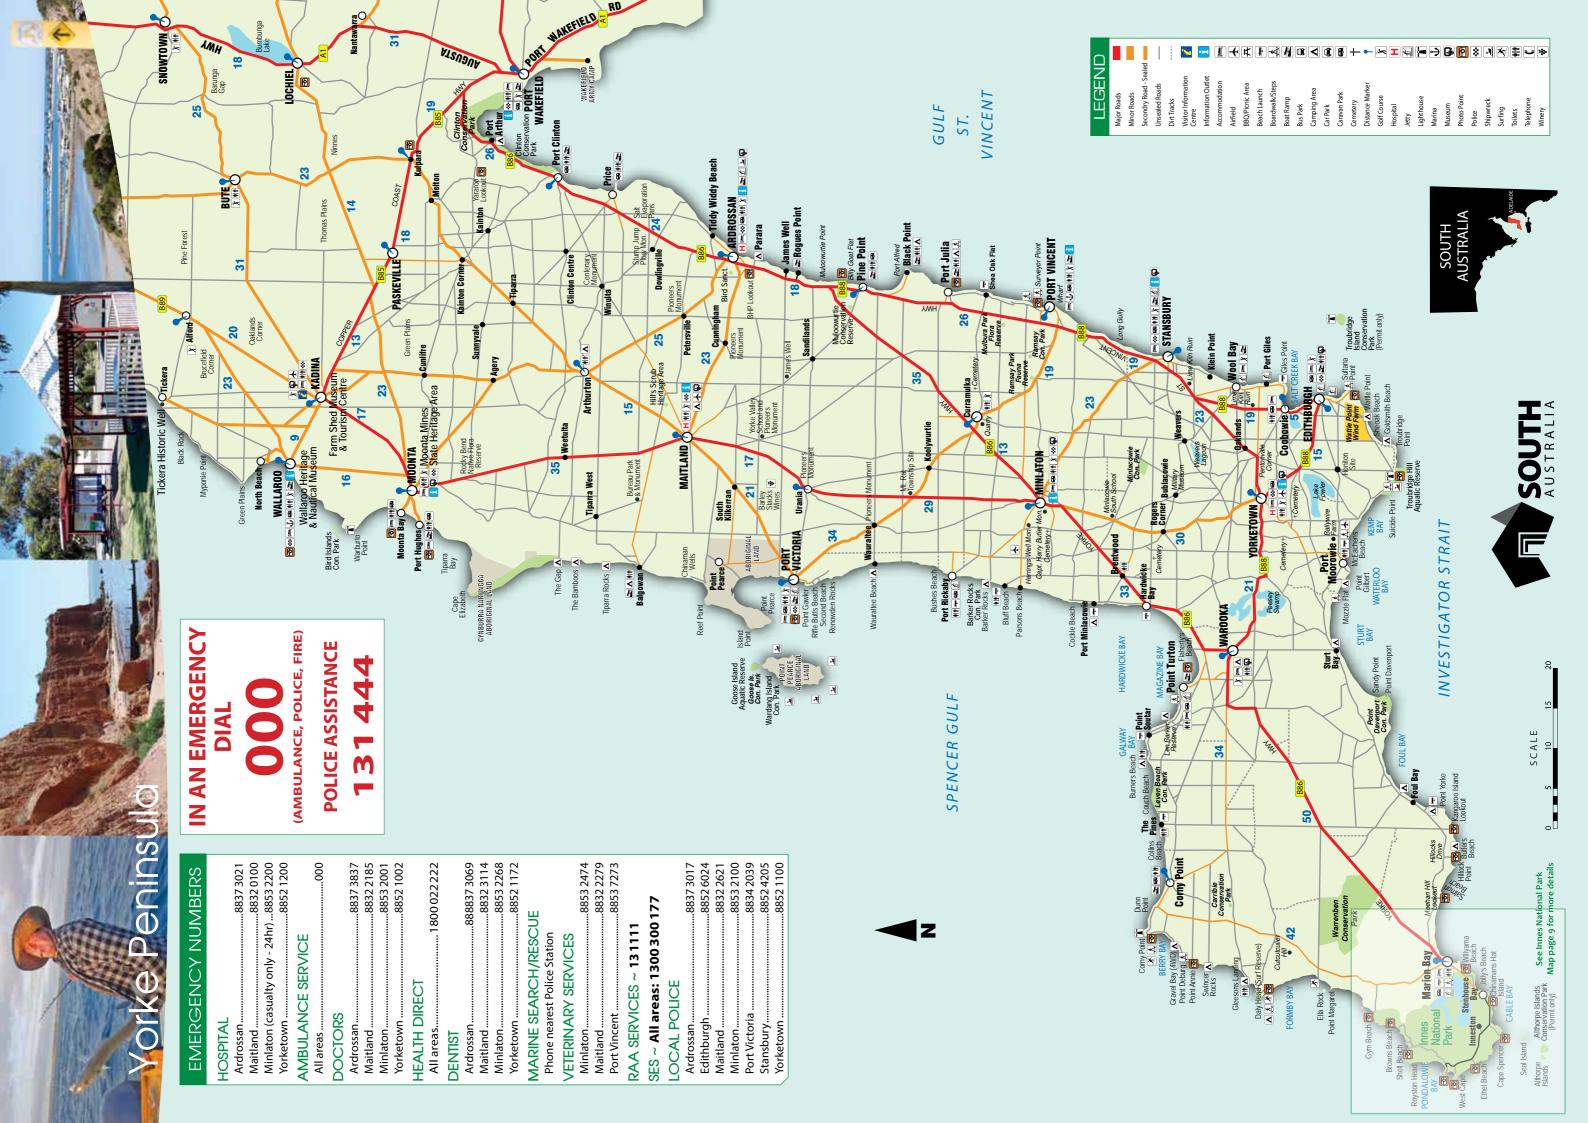

Curramulka comes alight in a big way at Christmas time when the residents unite and provide a spectacular fairyland of twinkling Christmas lights throughout the town - well worth the drive to see.

Curramulka Farmers' Market

Held on the first Sunday of every month at 10am, the Curramulka Farmers' Market offers fresh fish, fruit and veg, cakes and bakes, plants and ornaments, candles and knits to locals and tourists alike. Proceeds from the stall holder's fee goes back into the Curramulka community to upgrade various town facilities.

The Contract

Edithburgh

Set on cliffs looking out towards the distant Troubridge Shoals, Edithburgh is full of historic charm and is a mecca for fishermen, scuba divers and families looking for safe swimming and water sports. Once a booming salt production town and outport for local farm produce, Edithburgh has become a popular tourist and fishing resort. The township has many fine old buildings and mementos of its colourful past. Among them are the two hotels, museum, halls, churches and Sultana House.

The town is serviced by, a deli-newsagent takeaway shop, a cafe offering dining out options, two hotels, service station supplying diving gas refills, surf and tackle shop, post office, art gallery, sea-side caravan park plus many other accommodation options. Adding to the town's holiday appeal is the local tidal pool, golf course encompassing part of the seaside, bowling green, tennis courts, a native flora park for the bird lovers and Sultana

Point Beach, which is safe for children and popular with beach goers of all ages. Rare leafy sea-dragons can be found at the jetty and are popular with divers. The town also has excellent sporting grounds and modern playground facilities. Magnificent panoramic views of the coastline can be taken in from nearby Troubridge Hill, where an automatic light has replaced the old manned Troubridge Shoal Lighthouse.

Wattle Point Wind Farm

Situated 3km from Edithburgh and officially opened in June, 2005, the 55 turbines begin to generate electricity in a light breeze (9km/h), reaching full production in strong winds of around 47km/h. The blade tip speed can reach 222 km/h, but to avoid damage the turbines are shut down during extreme winds.

A free viewing platform is located on Sheoak Beach Road, (see map page 19) where visitors can marvel at the sheer size of the turbines. For further information, visit their website - www.edithburgh.org.au.

Fisherman's Delight

Waters off Edithburah are a fisherman's delight with huge schools of mullet, Yellowfin, whiting with larger varieties to be found in the summer and autumn months. For the land based angler, the jetty affords comfortable fishing, while boat fishermen appreciate the all-weather ramp.

Maritime History

The unique Troubridge Lighthouse tower (30m high) was the first in Australia to be built of clay bricks.

A arim reminder of the many shipwrecks in the area, the anchor from the ill-fated steamship "Clan Ranald", has now been restored and is situated in the median strip in the main street. The "Clan Ranald" was wrecked near Troubridge Hill in 1909 with the loss of 40 lives. Many recovered bodies are buried in a mass grave in the Edithburgh cemetery.

Troubridge Lighthouse

Troubridge Shoal, the graveyard of many ships prior to the commissioning of the lighthouse in 1856, lies about six kilometres east-south-east off Edithburah. The island is a stopover for large numbers of migratory birds from as far away as the Siberian Tundra. Day tours or overnight stavs in the lighthouse keeper's cottage can be arranged by calling Chris Johnson on (08) 88526290. The island is under the control of the Department of Environment & Water. Further information is available from the Innes National Park office, phone (08) 8854 3200.

Edithburgh Museum

One of the best small museums in South Australia, the museum is housed in an old stone building, formerly a produce store. The lifestyle of the early settlers is vividly portrayed with a scale model of the Edithburgh port area. The Clan Ranald anchor is also displayed in the median strip opposite and is a worthy site to see! The Museum is open 2-4pm on Saturdays and Sundays, or by appointment, phone (08)88526273.

Walking Trails

Two walking trails, one heading north from Edithburgh to Coobowie, the other heading south to Sultana Point, form part of the "Walk the Yorke" trail. Walking to Sultana Point the trail is dotted with 96 nautical themed mosaic rock art works, including interpretive environmental and historical signage — no time to be bored.

Tidal Swimming Pool

Set in a rocky cove, this tidal pool has a sheltered observation area, an all-tide safe shallow area for young children, as well as deep water at its outer edge on high tide. The attractive terraced surrounds are enhanced by the lawn and picnic area with electric barbeque on the upper level and modern change rooms.

Hardwicke Bay

Hardwicke

Bay is a rapidly developing area with a large sandy beach, ideal for young children. A natural swimming pool and unspoilt sandhills are just south of the township. The bay is ideal for vachting and windsurfing with the area also renowned for its fishing.

The Community Hall is the venue for many regular functions, with visitors most welcome. These include weekly exercise classes, morning tea, games nights, bingo and monthly dinners.

Hillocks Drive

Privately owned Hillocks Drive, on the south coast en-route to Marion Bay, embraces several kilometres of spectacular rugged coastline with quiet sandy beaches and rock pools.

Hillocks Drive is a favourite with beach and rock fishermen, scuba divers and photoaraphers, also a popular bush camping area for those seeking an alternative. If you're more into glamping, try out the Ocean Pod. A small store adjacent to the homestead provides treats, bait and ice, and basic necessities. Opening times are 9am to 2pm, Thursday to Monday and extended during long weekends and school holidays.

Hillocks is closed annually from 18th June to 18th August.

Maitland

Located at the centre of Yorke Peninsula, Maitland is the main service and shopping town for this productive agricultural area.

The Yorke Valley is a spectacular sight in winter and spring with the green and gold paddocks of wheat, barley and canola. These are complimented by the purple or white flowers of pulse crops.

The main street boasts banks, two hotels, a bakery, butcher, pharmacy, post office, newsagency, supermarket and hardware store as well as clothes and Op shops, a vet surgery, gym and cafes. Fuel is available in the town.

The Maitland Historic Walk is a great way to see the many colonial buildings in the town. Brochures can be found at the Maitland Information Centre and Council Office.

The community library is located at the Area School, one of two schools in the town. Maitland's modern hospital, medical centre and aged care facility are found at the northern end of the town.

There are several accommodation options in Maitland. A bed and breakfast run by the Progress Association; powered camp sites are located at the showgrounds, and there is a free overnight camp area opposite the hospital.

Situated only an hour and a half from Adelaide, the most northerly of the Yorke Peninsula towns facing Gulf St. Vincent, Port Clinton is a popular crabbing and fishing destination.

The town offers great facilities for the traveller, with a caravan park on the beachfront which provides all amenities including cabins and fully grassed powered sites. The foreshore opposite the park has just experienced a full redevelopment with brand new BBQ and picnic facilities on the beachfront, public toilets and a playground.

The town also has a general store which caters for all traveller's requirements including petrol, ice, bait, bottle shop, post office and gas. The old Port Clinton School has been renovated and is used for community functions.

The swimming pool is open during the summer months and the town also has a Sports and Community Club which has recently been redeveloped. The Manarove/Samphire walk, part of the "Walk the Yorke" trail, runs between Port Clinton and Price providing views over Gulf St Vincent, mangroves and bridlife. Port Clinton was an important and busy port in the 1860's and 70's, being a transfer point for goods and passengers travelling between Port Adelaide and the copper mines at Wallaroo and Moonta. That was despite the shallowness of the beach, which closed the port to larger vessels during low tide.

Port Moorowie

If you are looking for a unique experience of natural environment and isolation, take the time to visit Port Moorowie, only 15km from Yorketown and 21km from Edithburgh.

Port Moorowie offers you 3km of awardwinning walking trails. There's a public toilet, shelter and barbecue located at the Periwinkle Reef car park.

Safe swimming, accessible reefs for reefwalks, fishing and snorkelling and a boat ramp add to the attractions.

Port Moorowie values its unique native wildlife, so please stick to the wet sand to protect beach nesting birds.

Foul Bay/Sturt Bay

Travelling towards Marion Bay from Port Moorowie you'll find both Foul Bay, with its concrete boat ramp, and Sturt Bay, which are popular south coast fishing areas. Their long stretches of white, sandy beaches are ideal for shell collecting and beachcombing.

Port Rickaby

Only 16kms from Minlaton, Port Rickaby is a popular base for holiday-makers who enjoy camping, fishing and swimming. The caravan park provides all facilities, including a well-stocked kiosk. Near the park are two tennis courts for hire for those with energy to burn.

A boat ramp is available for launching medium sized craft for some great fishing off-shore or hit the jetty and relax with fantastic views. Port Rickaby is a very popular spot with the annual Vacswim held each January.

There is a great walking trail and scenic lookout adjacent the caravan park giving great views over the township and bay. The local Progress Association has built two undercover barbecues with plenty of seating available.

Port Victoria

Though now a quiet place, Port Victoria was once the fourth largest port in South Australia. A memorial to the "Pamir", which sank in 1957, is erected near the jetty. Today Port Victoria has an active Progress Association and Coastal Patrol. Scuba refills are available and there are barbecues and a picnic area on the foreshore. Accommodation is available at the caravan park. They also provide tourist information, along with the foreshore kiosk and museum. Schulz Park Native Garden at the corner of Edwardes Terrace, Rogers Terrace and Passat Street features local native shrubs, arasses and climbers suitable for a coastal garden. There is a free Coastal Gardens booklet (which includes all featured species) available from the Kiosk.

Maritime Museum

The Port Victoria Maritime Museum is housed in the original general cargo store that was built by the jetty in 1878. The bygone era of the windjammers and grain trade is detailed in informative accounts and photographs. A "First Encounters" display room tells the history of the Narungga Aboriginal people, the voyages of Flinders and Baudin, the early pioneers and their impact on the land and the Narungga people. The museum is open all year round on Saturday, Sunday and public holidays 2pm-4pm, and during January on Tuesday and Thursday 2pm-4pm or by appointment, phone 88342068 or 88342055.

Situated 11km from Port Victoria, Wardana Island has an area of 2,025 hectares

In 1910, Broken Hill Smelters took out a lease to ship the lime sand as flux for their smelting operations at Port Pirie. Over a million tonnes of sand were removed between 1910 and 1968 until a more suitable deposit was located at Coffin Bay on Eyre Peninsula.

It is now part of Point Pearce Aboriginal Lands, access to the island is prohibited.

Port Victoria Walks

Port Victoria's peaceful foreshore was once the site of active volcanoes; a brochure available from the local kiosk, guides you through this fascinating geological journey into the past. Also available is a town walk brochure and a clifftop walk guide, including information about the native flora of the region, the dune and beach system.

Maritime Heritage Trail

For scuba divers, the Wardang Island Maritime Heritage Trail guides divers around the eight ships that were wrecked in the early 1900's. Metal plates on the ocean floor detail the history of the wrecks and a waterproof guidebook is available from Port Victoria Kiosk and the museum.

Port Vincent is one of the Peninsula's bigger resorts, popular with families for many years because of its safe, sheltered beaches. The town is well served with quality caravan park accommodation with its large town park on the foreshore and a nearby private park.

Port Vincent has a well appointed hotel, deli-take away, café and beach kiosk. The town has four scenic walks, offering beautiful views of the area, and a town heritage walk. Brochures/maps are available from the visitor information outlet located on Marine Parade.

Named "Australia's Tidiest Town" in 2004, Port Vincent continues to be beautifully maintained, In 2005, Port Vincent was inducted into the KESAB Hall of Fame.

Marina Development

Port Vincent's Marina is operated by the Cruising Yacht Club of South Australia and constitutes 90 berths ranging from 10 to 30 metres. Marina amenities include toilets, showers and laundry facilities, an all-weather boat ramp and ample car parking space.

New Year's Day Gala Day

This annual event is a great family day packed with things to see; stalls to browse, activities, displays to view and service organizations to learn about. Gala Day culminates with a spectacular fireworks display that night (weather permitting).

Port Vincent Aquatic Centre

The Port Vincent Aquatic Centre has been operating for more than twenty vears.

School groups from all parts of SA come to the centre to undertake courses in kavakina, surfina, body boardina, fishina, small boat handling, sailing, sailboarding and snorkelling, all under the guidance of highly qualified local instructors.

Yorke Peninsula's Saltwater Classic

In 2002, community-minded volunteers from Stansbury and Port Vincent began planning an event for enthusiasts of wooden and classic boats that would attract people to the region, highlight its significant maritime heritage, and promote the tourism assets of this part of our State. As a result, the Stansbury and Port Vincent Wooden and Classic Boats Regatta Association Incorporated was formed. The Saltwater Classics from 2006 to 2016 attracted participants and enthusiasts from all over Australia, drawing thousands of people to Stansbury, Port Vincent and the region. The event and its associated shore-based attractions are now recognised nationally as a significant tourism draw card.

On-water and shore-based activities include displays of vintage cars and caravans, stationary enaines from the past, local craft and produce. The awardwinning Stansbury Seaside Markets held on Saturday complement the event in spectacular style as do the Port Vincent Foreshore Markets held on Sunday. The next Yorke Peninsula's Saltwater Classic is scheduled for April, 2020.

Price

Price is a popular holiday destination, with caravan park accommodation, barbecue and picnic areas and boat launching facilities from Wills Creek all-weather boat ramp. Wills Creek is a peaceful tidal creek popular for fishing and exploring in and around the smaller creeks by tinny or canoe.

Of historical interest is a causeway extending through the mangrove swamps where ketches from other ports moored with supplies for the town, and backloaded mallee roots for firewood and later arain and salt.

Other attractions include the Clinton to Price section of "Walk the Yorke". This takes in part of the Clinton Conservation Park and offers a chance to view unique mangrove forests, tidal samphire flats and a huge variety of bird life.

was washed, roasted and around, and then used in the manufacturing of plaster of paris and cement. The quality of the gypsum in this area was exceptionally high class and, at one stage, most of Australia's needs were supplied from here.

Evidence of the mining era can still be seen at the Stenhouse Bay jetty, where the gypsum was shipped out, with relics dotted around.

The Innes National Park Visitor's Centre is on the northern boundary of the Park. For more information, refer to Innes National Park information feature on page eight.

The Pines

Near the north western end of the "toe" of Southern Yorke Peninsula, hides a little gem simply named, The Pines. It is a residential and holiday home location in a sheltered bush environment. The township stretches one kilometre along the coast, featuring a beautiful meandering nature walking trail right along the beachfront through she-oak groves and native bush covered sand hills, with picnic shelters and seating along the way. There are also five walk-wavs down onto the beach from this trail.

Sheltered from south westerly winds, the pristine white sand flats hide a treasure of seafood available to beach waders and boaties alike. The concrete boat ramp provides boat launching with tractors (or with vehicles at high tide only).

A well-equipped general store with great takeaway and fuel is available and the new Community Hall has well maintained public toilets for your needs. There is also a playground with shaded tables and chairs.

Urania

North of the Mount Rat marker is the small town of Urania.

The playground, tennis courts, cricket pitch and school house indicate the importance of this small town in years gone by. There are public toilets behind the Uniting Church which still holds weekly services.

Warooka is the "Gateway to the Bottom End" of the Peninsula, and an easy drive to the serenity of white sandy beaches, or the breath-taking views of surf beaches from majestic rugged cliffs to the west. There are many buildings dating from the late 1800's in the township, many of which have recently been highlighted with interpretive signage. The Warooka Museum, formerly a police station, houses a comprehensive exhibition of items celebrating the history of the surrounding area and is open Fridays 10am to 3pm or by appointment.

The visitor is well served by the town's shopping facilities. Public toilets, free camping area (at oval), playground, tennis courts (available for hire) and barbecue area can be found at the Warooka Memorial Oval

Warooka has a hardware store with auto and LPG gas, there are fuel, tyre and service facilities for the motorist, hotel/motel accommodation, chemist, butcher, 7 day general store, coffee shop and post office. Opposite the general store, is a craft and local produce shop, west of the town, you will find the Inland Sea Restaurant, a major retail supplier of local seafood products.

Public toilets at the parking area in the town centre include a baby change facility. A rotunda erected across the road in the town triangle provides a shady area for lunch and features information boards on aspects of the district's history. Nearby, visitors can make a wish at the "Sheep Wishing Trough", next to the town windmill. Proceeds go to local emergency service groups.

Flaherty's Beach, situated six kilometres north of Warooka, is one of the area's hidden secrets. With its alorious long stretch of sparkling white sand and clear blue water, it is popular for all beach activities including wind surfing. Tidal movement leaves safe, shallow water for children.

A ramp for 4WD access has been built by the Warooka Progress Association. The area is also renowned for the biennial Flaherty's Beach Golf Classic, which is held in summer. The date varies as the tide has to be just right for this event, allowing for genuine sand bunkers and water traps.

Christmas Pageant

Christmas Eve the Main Street of Warooka comes alive with the annual Warooka Christmas Pageant. The pageant commences at 7pm and all are welcome to join in. A great family evening for everyone.

A small seaside town between Stansbury and Coobowie, Wool Bay is built on cliffs overlooking a protected bay.

A safe, sandy beach makes it an ideal spot for families, with a floating pontoon for all to enjoy. One can dangle a line from the jetty or launch a boat at the adjacent ramp to try the many fishing spots at sea. Low tide is a great time to explore the cliffs and cove around the beach.

Of historic interest is an old lime kiln dug into the cliffs above the jetty, a relic of the district's once important lime burning industry.

An electric barbecue is available for use at the cliff-top shelter and picnic area. Every Australia Day the Wool Bay Progress

Association holds a barbecue breakfast on the cliff top. This is open to locals and visitors alike.

Yorketown

Another of the area's inland towns, Yorketown has plenty of services and attractions for visitors to Southern Yorke Peninsula.

The town is a major service centre with with a large modern supermarket, cafes and take away shops, bakery, financial services, ATMs, community email and internet access, hospital, dental services, pharmacy, hotel, tyre and mechanical repairs and printing office. There is both fuel and autogas available.

The caravan park can cater to the needs of all couples and families offering beautiful peaceful garden surrounds, BBQ facilities, neat and tidy amenities, ensuite cabin accommodation. The park is within walking distance to the town centre, giving access to shops, cafes, sporting grounds and more.

With only 15 to 30 minutes travelling to the beaches and coastal resorts to the east, west and south, Yorketown is ideally situated as a base for exploring Southern Yorke Peninsula.

Booklets to guide you around the town's historical walk, as well as a booklet "A Drive into the Past", which guides visitors to heritage areas of the district are available from SYP Community Hub. The Hub is also home to the Salt Lakes Gallery, featuring local art and craft items.

In the early days, Yorketown was called "Weaners Flat", because it was where the local graziers separated the lambs from their mothers. In 1876 the town's name changed to Yorketown, but there were other suggestions such as Salt Lake City, after the numerous amount of salt lakes in the area.

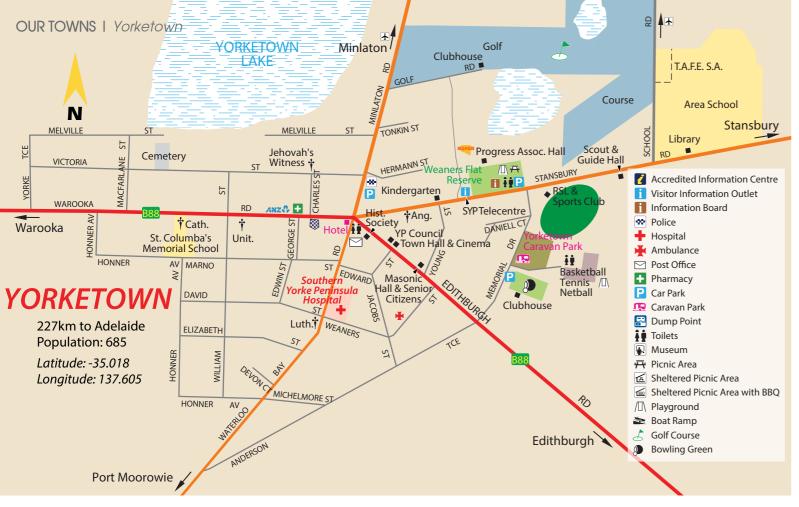

About the Salt Lakes

A main attraction to the area is the 200 plus salt lakes which surround the town. They have been mined for their salt, and like many salt lakes in wheatbelt areas (which stretch from Western Australia to western Victoria) they are vulnerable to pink algae and consequently can acquire a gentle and quite stunning pink hue under specific climatic conditions. The colouration of these saline lakes is particularly impressive on overcast days. It is caused by carotene from a type of algae.

At its peak during World War II the area produced 57,000 tonnes of salt in a single year which was harvested from lakes around the town and district.

Photos From The Past

The Historical Society has over 1,000 photographs depicting the area's pioneering days. This display can be seen in the old Courthouse, on Edithburgh Road, near the town centre, on Fridays, 10am to 12 noon.

Playground & Picnic Area

Yorketown Progress Association's hard work has paid off and they now boast an expansive, modern playground situated on Weaner's Flat Reserve, Stansbury Road. There is electric barbecue facilities with an enclosed under cover area. Public toilets and shaded lawned area near-by makes it an ideal spot for picnics and gatherings. The area also serves as a day camp for

visitors with caravans. A smaller, enclosed playground is next to the Historical Society's building on Edithburgh Road. Situated north of Yorketown is the local golf course with watered fairways making the course playable all year round. Summer competitions run from October to March with visitors welcome (green fees payable).

Historical Windmil

Up until the early 1900's one of Yorketown's old engineering shops was manufacturing windmills of its own design, which were seen on plenty of farms locally, and even in other parts of Australia. A relatively easy way of pumping water from bores in those days, but now, one sees solar panels powering a pump for the same purpose. One such windmill has been restored by the Historical Society and is working in the car park on Minlaton Road.

Country Driving

We'd love to see you head back to Yorkes again, so please take care on our roads. Here's a few tips:

- Adjust your driving on unsealed roads and reduce your speed to suit conditions.
- During harvest (November to February) you'll be sharing the road with a lot of trucks, including b-double and road trains, please be patient and don't risk overtaking on narrow sections of road.
- When driving at dusk or dawn, remember this is when animals including kangaroos are more active, so always be on the lookout. Drive carefully and please

come back soon.
