

National Wildflower Conference in Albany, Western Australia

29th September - 4th October 2019

- Australian Native Plants Society (Australia) national conference hosted by the Wildflower Society of Western Australia
- Albany is one of the world's most beautiful and diverse locations, renowned for its pristine coastline, myriad beaches and national parks, as well as its rich history
- The Albany Wildflower Show, with over 500 wildflower specimens on display, held in the week leading up to the Conference so that delegates can visit on the Friday or Saturday before the Conference begins
- Exciting program of speakers
- Half day tours on Sunday 29th followed by a Welcome Cocktail Party
- Full day excursions to enjoy the beautiful mountains or coast around Albany
- Pre and post conference tours to explore Western Australia's wildflower regions

A great opportunity to learn more about Western Australia's wildflowers
